Description:

Report Child Abuse and Neglect 855 O-H-CHILD

Ohioans who suspect child abuse or neglect now only need to remember one phone number. The Ohio Department of Job and Family Services has launched 855-O-H-CHILD (855-642-4453), an automated telephone directory that will link callers directly to a child welfare or law enforcement office in their county.

Reports can be anonymous.

What information do I need to make a report?

1. The name and address of the child you suspect is being abused or neglected
2. The age of the child
3. The name and address of the parents or caretakers
4. The name of the person you suspect is abusing or neglecting the child and the address if available
5. The reason you suspect the child is being abused and neglected
6. Any other information which may be helpful to the investigation
7. You have the option of giving your name or reporting anonymously. Giving your name can help the investigator clarify information. The agency will not give your name to the person suspected of abusing the child.

Please Note: All of the above information is not needed to make a report. If you are not sure you have enough information to report, always err on the safety of the child. Children services screens all reports to determine if there is enough information to investigate.

### Description:

Ability Found is a publically supported 501c3 charity that provides mobility and other adaptive equipment to people in need. Ability Found specializes in assisting all ages of people with disabilities who do not have the financial means or insurance coverage to obtain the necessary equipment through traditional means.

Through our network of partners, Ability Found is able to provide mobility and adaptive equipment to those in need at low-and in some cases-no cost. We are only able to sustain this critical service through the amazing generosity of individuals like you.

Our application process requires that clients apply through registered Professional Service Providers who have a good working knowledge of the equipment they are recommending. Professional Service Providers are typically physical, occupational and speech therapists, but can also be physicians, nurses, case managers and government service workers.

Once an application has been submitted, the staff at Ability Found will search for the requested equipment after which any applicable fees will be proposed to the client for payment.

Once a project is approved, the equipment is picked up by the Professional Service Provider or their representative at the Ability Found warehouse. The Professional Service Provider will also fit the equipment to the client and train them as necessary in its use. When shipping is necessary for the approved equipment, it is sent to the Professional Service Provider for delivery to the client.

Access

Access is a shared-ride public transportation service, providing curb-to-curb transportation for people whose disabilities prevent them from riding Metro buses. To use Access, you must first register and be approved for service, a process which can take up to three weeks.

About Access

The Americans with Disabilities Act of 1990 (ADA) was passed to remove the physical barriers that have kept persons with disabilities from fully participating in Metro society.

The ADA states that Metro’s regular bus service should be the primary means of public transportation for everyone, including people with disabilities. Under the ADA, Access serves as a “safety-net” for only those persons who do not have the functional capability to ride Metro buses. Disability alone does not qualify a person to ride Access under the ADA.

Customers made eligible for Access after January 1, 2004 are eligible for Access’ ADA services only.

Access’ service area and hours of operation are based on regular Metro service. Access service is limited to Hamilton County and within 3/4 of a mile of regular (non-express) Metro service and within the hours of regular (non-express) Metro service. For questions regarding Access policies call the Access information line at (513) 632-7590.

Rules of Riding

Access drivers are responsible for:

• Assisting customers on and off the vehicles lift or steps
• Securing your wheelchair or scooter
• Fastening every customer’s seat belt
• Contacting 911 in case of any medical emergency on the vehicle
• Collecting fares

Access drivers are NOT responsible for:

• Assisting customers in and out of buildings
• Carrying groceries and packages
• Installing child safety seats

Fare Deal

Metro’s Fare Deal program allows eligible riders to obtain a Fare Deal identification card valid for half-price fares on any Metro trip.

Eligible participants include:
• Adults 65 and older
• Medicare card holders
• Riders with disabilities
• Access card holders

Older adults are automatically eligible at age 65, proof of age is required. Medicare card holders of any age are also automatically eligible.

Riders with disabilities who don’t have Medicare and are not 65 must submit an application and be certified to qualify for the program. For Fare Deal information or an application call (513) 632-7540 (TDD Ohio Relay Service (800) 750-0750) Mondays, Wednesday, and Fridays, 8:15 a.m. to 4 p.m.

Fare Deal monthly stickers are available for $38.50. The sticker allows for unlimited rides each month. Stickers can be purchased at Metro’s sales office between the 15th of the preceding month until the 10th of the valid month.

**Now Metro is more accessible than ever**

With the addition of our new low-floor buses, the Metro fleet is nearly 100% accessible to people with disabilities. These new buses allow for easier wheelchair access and feature ramps allowing for faster and easier wheelchair boarding.

Metro standard bus fleet is also equipped with features to make riding easier for people with disabilities. Newer buses feature an automatic voice system to announce key stops, transfer points and other important information. Also, more than 90 percent of our buses are equipped with a wheelchair lift and two securement areas for wheelchairs.

Accessible format materials are available on request.

Adult Protective Services (APS) works with Hamilton County’s elderly residents to help keep them safe.

APS operates (513) 421-LIFE (5433), Hamilton County’s 24-hour line for reporting elder abuse, neglect (by self or others) and exploitation of Hamilton County residents age 60 and older.

When calls are received by APS, caseworkers evaluate any risk to the safety and well-being of alleged victims. If they find that there is a
risk, caseworkers work with families, social service agencies and other community resources to meet the person’s needs and to improve the situation.

APS caseworkers cannot force older adults to accept help. Mentally competent adults have the right to refuse APS assistance and intervention. APS will also not force competent older adults into nursing homes. When it is possible, APS will work with elderly adults to ensure they receive the help they need to stay in their own home.

All calls to 421-LIFE (5433) are confidential.

Description:

AIDSinfo offers access to the latest, federally approved HIV/AIDS medical practice guidelines, HIV treatment and prevention clinical trials, and other research information for health care providers, researchers, people affected by HIV/AIDS, and the general public.

AIDSinfo, a service of the U.S. Department of Health and Human Services (HHS), is maintained by the National Library of Medicine (NLM), which is part of the National Institutes of Health (NIH). The world’s largest biomedical library, NLM maintains and makes available a vast print collection and produces electronic information resources on a wide range of topics that are searched billions of times each year by millions of people around the globe. NLM also supports and conducts research, development, and training in biomedical informatics and health information technology. The Library coordinates a National Network of Libraries of Medicine, a nationwide network of health sciences libraries and information centers with a mission to advance the progress of medicine and improve the public’s health by providing all U.S. health professionals with equal access to biomedical information and improving the public’s access to information to enable them to make informed decisions about their health.

AIDSinfo is 100% federally funded and sponsored by the Office of AIDS Research (OAR) and the National Institute of Allergy and Infectious Diseases (NIAID)—both part of NIH, the Health Resources and Services Administration (HRSA), and the Centers for Disease Control and Prevention (CDC).

To learn more about this service, please read the AIDSinfo brochure which provides more information about AIDSinfo services and features and is available to download in a print-friendly format.

Background

The AIDS Clinical Trials Information Service (ACTIS) was mandated by the Health Omnibus Programs Extension Act (HOPE) in 1988. This legislation required the U.S. Food and Drug Administration (FDA) to provide a telephone reference service to disseminate HIV/AIDS clinical trials information to health professionals and the general public. ACTIS, which was created by an interagency team at NIAID, FDA, NLM, and CDC, opened in 1989. During the 11 years of its existence, the service responded to more than 225,000 telephone requests for HIV/AIDS clinical trials information.

As new therapies and guidelines for the treatment of HIV/AIDS were approved, the need to provide up-to-date information in these areas became apparent. In 1994, six Public Health Service (PHS) agencies joined together to launch the HIV/AIDS Treatment Information Service (ATIS) as a vehicle to quickly convey this information to people living with HIV and health care providers. ATIS became the central dissemination point for the PHS treatment guidelines through the telephone reference service and the ATIS website. ATIS was supported by funding from many PHS agencies including NIH, the Health Care Financing Administration (HCFA, now the Centers for Medicare and Medicaid Services – CMS), CDC, and HRSA.

ACTIS and ATIS were merged into a single information service, AIDSinfo (https://aidsinfo.nih.gov), which became operational on December 1, 2002. infoSIDA (https://infosida.nih.gov), the Spanish-language companion website to AIDSinfo, was launched in April 2007.

Description:

Health Care Services where and when you need it...

As a team, we shall work together and combine our expertise in achieving the best possible health of each client. We are determined to give our clients more control over the health care they receive. Consequently, we also want to reduce the costs of health care by providing more flexible schedules of care that are more convenient for the patient and their primary care provider. If a patient wishes to receive care at home rather than a nursing facility or if your loved one chooses to continue recovery at home rather than prolong hospitalization, we can make it happen.

We offer our services to all without any form of discrimination:

AMADYSS Healthcare and Training Services shall promote equality in employment practices and service provision. In practice of Title VI of the Civil Rights Act of 1964, Section 504 of the Rehabilitation Act of 1973 and Title II of the Americans with Disabilities Act of 1990, the company ensures that all eligible clients shall receive services due without unlawful discrimination against race, color, sexual orientation, age, disability, gender, religion, national origin, source of funds or veteran status.

AMADYSS Healthcare and Training Services combines technology, people and personalized care plans to give your family the kind of care that meets and exceeds your quality expectations.

About Benefits CheckUp

Many older people need help paying for prescription drugs, health care, utilities and other basic needs. Ironically, millions of older Americans especially those with limited incomes are eligible for but not receiving benefits from existing federal, state and local programs. Ranging from heating and energy assistance to prescription savings programs to income supplements, there are many public programs available to seniors in need if they only knew about them and how to apply for them.

Developed and maintained by The National Council on Aging (NCOA), BenefitsCheckUp is the nation’s most comprehensive Web-based service to screen for benefits programs for seniors with limited income and resources.

BenefitsCheckUp includes more than 2,000 public and private benefits programs from all 50 states and the District of Columbia, such as:

- Prescription drugs
Nutrition (including Supplemental Nutrition Assistance (SNAP)/Food Stamps)
- Energy assistance
- Financial
- Legal
- Health care
- Social Security
- Housing
- In-home services
- Tax relief
- Transportation
- Educational assistance
- Employment
- Volunteer services

Since 2001, millions of people have used BenefitsCheckUp to find benefits programs that help them pay for prescription drugs, health care, rent, utilities, and other needs.

Beyond Driving with Dignity
Ohio

Area(s) Served:
Butler County,
Warren County,
Hamilton County

Description:
Beyond Driving with Dignity, a program of Deaconess Full Life, is a valuable tool in helping older drivers (and their families) make appropriate decisions regarding the future of one’s safe driving career. If the individual is a safe driver, the program provides him or her with strategies on how to remain a safe driver as they progress through the aging process. If driving retirement is the appropriate decision, then the individual (and their family) will receive information about acceptable transportation alternatives to ensure a smooth and successful transition from the driver’s seat to the passenger’s seat.

Nancy Schuster, Executive Director ITNGreaterCincinnati (another Deaconess FullLife initiative) has been certified as a Beyond Driving with Dignity Professional and is available to facilitate these self assessments. She can also assist with educating caregivers through educational programs. For more information, to schedule a self-assessment or presentation call 513-559-2856.

**Building Respect for LGBT Older Adults**

**Area(s) Served:** Nationwide

**Phone:** N/A

**Contracted Provider:** Not Applicable

**Description:**
The online learning tool "Building Respect for LGBT Older Adults" was developed by the Administration for Community Living and Administration on Aging, with support from many groups including but not limited to SAGE’s National Resource Center on LGBT Aging, FORGE Transgender Aging Network, National Center for Transgender Equality, the National Gay and Lesbian Task Force, the Human Rights Campaign Foundation, the National Senior Citizens Law Center, Rose Villa, and the Methodist Home of D.C.

The tool is intended for long-term care and other aging service providers as an introduction to LGBT aging. For those participants using this tool who are working in a nonresidential setting, please print out and use this compendium guide to follow along with specific suggestions for nonresidential service settings. This tool is split up into six modules, each approximately 10 minutes long. It is recommended that you watch them in order. They do not need to be watched all at once.

This tool is a first step in learning about how to create safe, welcoming and inclusive services for LGBT older adults. SAGE’s National Resource Center on LGBT Aging offers many training products that you should consider for you and your colleagues!
Description:

Building Value provides hands-on job training opportunities for individuals with disadvantages and disabilities seeking employment in construction and retail. The enterprise is an extension of Easter Seals WRC’s mission to empower individuals with disabilities and disadvantages to achieve a higher quality of life through employment and self-sufficiency.

Building Value LLC is a three-prong business involving light deconstruction services, a reusable building materials center and product reconstruction from recycled materials. The enterprise teaches skills in growing industries; it generates revenue to support other Easter Seals WRC programs; and it provides job-training opportunities for people who need work experience.

**Bureau of Disability Determination (BDD)**

P.O. Box 359001
Columbus OH 43235-9001

Area(s) Served:
Statewide

Description:

The Role of the Bureau of Disability Determination

Once the application for disability benefits, or case is taken at the local office, it is forwarded to the Bureau of Disability Determination to assess whether the medical requirements are met for disability. Under the rules of Social Security, a person must be found unable to perform any type of work for a period of at least 12 months due to a physical, mental, or combination of impairments.

Under the Social Security Disability Program, an applicant cannot be found "25 percent" disabled as may be the case under the rules for worker’s compensation or Veteran’s benefits. The Social Security Administration uses a "Listing of Impairments" to guide disability assessment. This set of criteria is based on common types of medical conditions, such as arthritis, heart disease, and cancer. While every medical condition is not covered in the Listings, it does provide general guidance to assess them.

When the case is received by the Bureau of Disability Determination, it is assigned to a Disability Claims Adjudicator. This person reviews the application materials and may contact the applicant, or claimant, to clarify issues and obtain further information regarding treatment and limitations due to his or her impairments. The adjudicator then contacts relevant medical sources in order to obtain documentation regarding the impairments. At times, it is necessary to schedule consultative exams for claimants. This examination provides functional information to help determine what limitations may result from an individual’s impairment(s), and is not for purposes of providing treatment. Once sufficient medical evidence is obtained the adjudicator, using the Listings as a guide, will determine if the individual qualifies for disability.

**Butler Metropolitan Housing Authority**

4110 Hamilton-Middletown Rd.  
Hamilton OH 45011

| Area(s) Served: | Butler County |

**Description:**

Butler Metropolitan Housing Authority (BMHA)
Butler Metropolitan Housing Authority (BMHA) is a non-profit (pseudo-governmental) entity established primarily for the purpose of developing and/or operating affordable housing according to rules established by the state and HUD. As a public housing authority, BMHA is established under state law and is eligible to develop and operate public housing.

Public housing made available through BMHA provides affordable shelter for low-income families, either citizens or eligible immigrants. BMHA Public Housing serves mostly very low-income tenants who pay no more than 30 percent of their adjusted income for rent.

BMHA also administers the tenant-based Section 8 program currently known as the Housing Choice Voucher Program. Section 8 vouchers help very low income individuals and families rent safe and decent housing on the open market. This program pays the landlord the difference between what the individual/family can afford and the actual rent for the unit. In this program payment is made to the landlord on behalf of the qualified person and is not tied to a subsidized housing project. This form of assistance is portable and stays with the qualified person in the form of a Section 8 certificate or voucher.

**BMHA Public Housing Program**

The Butler Metropolitan Housing Authority owns and maintains apartments within the cities of Hamilton and Middletown. The units range in size from efficiencies to two bedrooms in their high rise communities and two to five bedrooms in their family communities. BMHA also has handicapped accessible units in varying sizes as well as single family homes scattered throughout both cities.

The application process typically takes about 3 to 4 weeks.

The applicant is contacted when BMHA has a unit available to schedule an offering appointment, the applicant can accept or refuse the unit. If the applicant accepts the unit then an appointment is made to view the unit with a BMHA inspector. Then another appointment is made to come in and rent the unit, if the applicant in fact chooses to rent the unit.

Any missed appointment is automatically counted as a refusal, which means that the applicant is dropped to the bottom of the waiting list.

Rent is calculated based upon the income of the household and cannot exceed 30% of the adjusted gross income. Utilities are provided in some units and utility allowances are provided elsewhere.

All applicants must wait 1 year before reapplying if they were evicted and/or abandoned their BMHA unit.

All applicants currently on parole or probation for any crime are denied housing.

BMHA enforces defined criminal-related housing denials some which result in a 5 year wait, a 10 year wait or a denial for life.

BMHA receives funding from the US Department of Housing and Urban Development to maintain and administer the Public Housing Program.

**BMHA Housing Choice Voucher Program**

Funded by HUD, and formerly known as Section 8, the Housing Choice Voucher Program helps very low-income individuals/families rent safe and decent housing on the open market. Individuals/Families find their own housing and pay a portion (not more than 40%) of their own adjusted income toward the rent.

The Housing Choice Voucher Program assistance makes up the difference between the individual/family’s contribution and the actual cost of the unit.

Individuals/families can take full advantage of the wide range of housing available choosing the housing that best meets their needs. Individuals and families can take their subsidies with them should they move. This feature allows low-income individuals/families the opportunity to move into healthy, safe and economically stable neighborhoods and to move closer to family and friends.

**Waiting List**

Typically a waiting list exists for this program. BMHA provides public notice when the waiting list is open, or applicants can contact BMHA at any time to obtain current information about the Housing Choice Voucher Waiting list.

**Voucher Allocation**

BMHA Housing Choice Voucher Allocation is 996

**Other Types of Housing Voucher Availability:**

**Non Elderly Disabled Vouchers:** BMHA was just recently granted 100 nonelderly disabled vouchers there intent is to provide these vouchers to those applicants already on their current waiting list.

**Tenant Protection Vouchers:** BMHA currently has six (6) tenant protection vouchers which are all filled.

**BMHA Senior Adult Housing**
BMHA does not have housing units specifically designated for senior adults rather interested parties are provided with a listing of available housing in their Hamilton or Middletown locations that are deemed more senior adult oriented because of the units size, typically one bedrooms unit as well as units that are considered handicapped accessible.

BMHA does not have a Home Ownership Program.

HIV/AIDS Housing Programs and Services
Caracole House

Caracole House has been offering affordable, comfortable housing for adults with HIV/AIDS since 1988. People who reside in Caracole House receive case management and referral services as well as mutual caring and 24-hour support from staff and residents.

Caracole House is open to individuals with HIV/AIDS who have no appropriate alternative living option. The House is a four-unit apartment building that houses up to eleven individuals. Each resident has his or her own bedroom in a three-bedroom suite. Food, linen and household supplies are provided. An evening meal is prepared for community residents, and food is available for all other meals.

Caracole House is supported by the United Way, the City of Cincinnati and other funders.

Shelter Plus Care

Shelter Plus Care is a rent subsidy program for homeless individuals living with HIV/AIDS and their families. HUD provides the rental subsidies. Caracole provides intensive case management and supportive services to help these individuals and their families find and maintain appropriate housing and stay together.

Shelter Plus Care is partially funded by the US Department of Housing and Urban Development and the State of Ohio.

Caracole Recovery Community

The Caracole Recovery Community opened its doors in 2000 and offers housing and a program of recovery from chemical dependency for homeless adults living with HIV/AIDS. In addition to providing case management and referral services, the Recovery Community offers a 24-hour supportive environment allowing residents to attain self-sufficiency and to recover from addiction.

The Caracole Recovery Community is supported by the US Department of Housing and Urban Development, the United Way and the City of Cincinnati.

**Charlie 3/4 House**

2121 Vine St
Cincinnati OH 45202

- **Area(s) Served:** Hamilton County
- **Contracted Provider:** Not Applicable

- **Description:**
  The sole purpose of Charlie’s 3/4 House, Inc. is to provide acceptable and affordable housing for alcoholic men in the early stages of sobriety, while they work on their recovery from alcoholism and find suitable employment.

  Founded in 1979, Charlie’s 3/4 House, Inc. began with one man offering a newly recovering alcoholic a safe place to stay for a short time. Today, Charlie’s 3/4 House, Inc. provides transitional housing for approximately 200 residents per year, with occupancy throughout the year consistently over 96% and a waiting list of 8-12 men.

  Charlie’s residential program requires that a potential resident will have completed a recognized program. Further, the applicant will have demonstrated his commitment to continuous sobriety, a willingness to find gainful employment and agrees to attend daily AA meetings.

  Once admitted each person must submit to random drug/alcohol screenings and follow the plan outlined during their detox program and follow the 12 recovery steps of Alcoholics Anonymous.

  Each year, of the 200 different residents who live at Charlie’s (each for a various length of time), over 100 of these men return to the community meeting our definition of success. The criteria used to define success are that:

  - The resident has maintained over 90 days of continuous sobriety,
  - The resident has secured gainful continuous employment, and
  - His earnings are sufficient to allow the resident to financially support himself, and
  - The resident, when he leaves Charlie’s moves into their own living quarters or moves back to live with their family, from whom he had been estranged.

- Locate all important papers: Bank records, bills, birth certificate, credit cards, insurance records, mortgage and loan papers, marriage certificate, military papers, pension papers, savings bonds, Social Security and tax records, stocks, mutual funds, vehicle titles and registrations;
- Order a dozen copies of the death certificate. You will need a number of copies for various reasons, including working with your spouse’s creditors.
- Order a copy of the deceased’s credit report as well as your own. In many cases, the information will be the same, but there may be accounts on the deceased’s report of which you weren’t aware. [Click here](#) for information on ordering credit reports.
- Notify the three major credit reporting agencies of your spouse’s death.
- Notify creditors of the death.
- Notify employer of the death (may have wages, vacation, or 401k due to the deceased).
- Cancel medical insurance.
- Cancel or modify status of all credit cards.
- Cancel subscriptions and memberships.
- Remove the deceased’s name from mailing lists. Call 888-567-8688 to have the deceased’s credit file blocked from screening for pre-approved mailing lists.

- To have names removed from existing mailing lists write to:
  
  Mail Preference Service Direct Marketing Association
  
  P.O. Box 9008
  
  Farmingdale, NY 11735-9008

- To have names removed from existing telemarketing lists write to:
  
  Telephone Preference Service Direct Marketing Association
  
  PO Box 9014
  
  Farmingdale, NY 11735-9014

You should be aware that:

- If there will be a probate proceeding (which may or may not be required, depending on state law and the amount of assets), then the executor of the estate should get in touch with creditors.
- If there will not be a probate proceeding, then survivors should be in touch with creditors to notify them of the death. Most will request a copy of the death certificate, which you should already have on hand.

- transportation

More about Cincinnati Area Senior Services:

Transportation

CASS provides two kinds of vital transportation for those age 60 and older:

- **Senior Transport** - Seniors who are unable to drive and have no other means of reliable transportation can become unnecessarily homebound and isolated. Having access to essential services such as medical care and grocery shopping is a critical component in making it possible for a senior to remain living at home. Transportation to provided to neighborhood senior center, weekly grocery shopping trips, and for group outings, social and recreational events. Contact the CASS transportation department at (513) 721-0375.

- **Medical Transport** in wheelchair-equipped vans to medical appointments, clinics, and dialysis units is a crucial link for those confined to their home. CASS provides door-to-door medical trips, many for non-ambulatory people. Seniors must qualify under the PASSPORT or ESP programs. Contact to Council on Aging at (513) 721-1025 for information.

Guardianship

**Guardian Assistance Program (GAP):** The senior who is both very compromised and completely alone is a special, and often desperate case. Typically a group home or nursing home resident age 60 or older, this client may require a court-appointed Guardian to advocate for his or her interests, make health care decisions, and provide the comfort of human contact. Guardianship is a legally defined process. While it may pertain to the individual, the estate, or both, CASS’s program is solely involved in the care and management of the person. GAP recruits and trains guardians for this compassionate task, providing legal and social services support. CASS also holds quarterly training sessions to monitor program quality and assure dignity in the face of decline. Guardianship services are available in Hamilton County only, although volunteers can live outside Hamilton County.

Description:

On November 17, 1943, the Mayor’s Friendly Relations Committee (MFRC) was created by resolution of Cincinnati City Council. The resolution provided that the Mayor be authorized to appoint an independent committee representing various racial, industrial, religious, and other groups, for the purpose of studying the problems connected with the promotion of harmony and tolerance, and acting as an advisory committee for the solution of such problems. The Committee, the second group of its type established in the United States, was composed of 36 trustees appointed by the Mayor and about 150 citizens.

After much transition and several years of struggle over the reorganization of the MFRC, an agreement was reached on March 17, 1965, and City Council adopted Ordinance 112-1965 providing for the establishment of the Cincinnati Human Relations Commission (CHRC).

CHRC has continually been a springboard and resource to other human relations related groups such as the Urban Appalachian Council, Martin Luther King, Jr. Coalition, community and resident councils, and individual citizens. CHRC, a trouble-shooter for human rights issues, continues to operate under a City ordinance as an independent, non-profit organization. CHRC serves as a catalyst to unify individuals and groups to improve human relations in the Greater Cincinnati area.

Description:

(CMHA) is a non profit (pseudo-governmental) entity established primarily for the purpose of developing and / or operating affordable housing according to rules established by the state and HUD. CMHA as a public housing authority is established under state law and is eligible to develop and operate public housing.

CMHA public housing provides affordable shelter for low income families either citizens or eligible immigrants. CMHA's public housing serves mostly very low-income tenants who pay no more than 30 percent of their adjusted income for rent.

CMHA also administers the tenant-based Section 8 program known also as the Housing Choice Voucher Program. This section 8 voucher program helps very low income individuals and families rent safe and decent housing on the open market. This program pays the landlord the difference between what the individual/family can afford and the actual rent for the unit. In this program payment is made to the landlord on behalf of the qualified person and is not tied to a subsidized housing project. This form of assistance is portable and stays with the qualified person in the form of a Section 8 certificate or voucher.

CMHA Senior Housing Options

Baldwin Grove
11111 Springfield Pike, Cincinnati Ohio 45246

CMHA opened its newest senior community in 2007 with the goal of providing new affordable apartments to senior adult residents in the northern part of Hamilton County. About half of the apartments are categorized as public housing. The remaining apartments are either subsidized through site based vouchers or tax credits. Residents still only pay 30% percent of their adjusted gross monthly income for rent, plus making this new community very affordable for seniors living on fixed income.

Other CMHA Senior Communities

- Riverview, O'Bryanville Community, 2538 Hackberry Street
- Park Eden, Cincinnati Community, 2610 Park Avenue
- The President, Avondale Community, 784 Greenwood Avenue
- The Redding, Avondale Community, 3700 Reading Road
- The Evanston, Cincinnati Community, 1820 Rutland Ave
- Maple Tower, Cincinnati Community, 601 Maple Avenue
Handicapped Accessible Housing

Handicapped accessible housing may be available within CMHA designated senior housing communities.

Additional handicapped-accessible housing is available in CMHA apartments, townhomes and other multi family homes including but not limited to;

- Findlater Gardens, Winton Hills Community, 595 Strand Lane
- Winton Terrace, Winton Hills Community, 4848 Winneste Avenue
- Liberty Apartments, West End Community

CMHA Public Housing Program

- CMHA is reportedly the 17th largest housing authority in the United States.
- CMHA owns and manages a portfolio of properties. CMHA has the responsibility of maintaining the properties, screening residents for eligibility and oversees lease enforcement.
- CMHA operates throughout Hamilton County:
  - 12 High Rise Buildings
  - 3 large Family Communities in Winton Hills (Winton Terrace and Findlater Gardens) and South Cumminsville (Millvale)
  - Numerous Small Family Communities
  - Many Single Family Homes
- With CMHA a resident typically pays no more than 30% of their adjusted gross income in rent.
- Social Workers are available to help any CMHA housing resident in need. CMHA Social Workers are available to refer residents to local social service agencies for various types of support.
- CMHA provides housekeeping classes and assistance.
- The Tri-Health Senior Link Program is located at Park Eden, and offers on site health and day care programs for seniors. The program is open to all CMHA residents, as well as other seniors living in the Walnut Hills area.

Applications for public housing are accepted at the CMHA leasing office at 1635 Western Avenue.

CMHA Public Housing Eligibility Requirements

Public housing is limited to income qualified families and individuals. CMHA uses income limits developed by HUD. The income limits for CMHA are available on their web site at www.cintimha.com.

First Preference is given to:

- Head or Co-Head of Household employed full time (avg. 30 hours/week) and has been continuously employed for at least 12 months
- Elderly and Disabled families, regardless of employment status
- Head or Co Head of Household continuously employed full time (avg. at least 30 hours/week) for at least six months

CMHA applies the working Family Preference to both new admissions and current residents seeking an Incentive Transfer.

CMHA reviews rental history for at least the past 3 years. All previous subsidized landlords are reportedly reviewed.

CMHA also reviews all criminal activity for at least the past 3 years.

How Long Can a Resident Remain in Public Housing?

- In general as long as they comply with the lease
- As long as their family income is not sufficient to obtain housing on the private market

How is Rent Determined?

Rent which is referred to as the Total Tenant Payment (TTP) in this program would be based on the family's anticipated gross annual less deductions, if any.

HUD regulations allow CMHA to exclude the following allowances from annual income:

- $480 for each dependent
- $400 for any elderly family, or a person with a disability
- Some medical deductions for families headed by an elderly person or a person with disabilities.
A CMHA representative determines if any of the allowable deductions should be subtracted from the applicant's annual income.

Annual Income is the anticipated total income from all sources received from the:

- Family Head
- Spouse
- Each member of the family 19 years of age or older

Circle Tail trains and provides service and hearing dogs. Service dogs are for people with disabilities other than vision or hearing loss, and hearing dogs are for people who are hearing impaired.

Hearing Dogs
Hearing Dogs assist individuals who are hearing impaired by alerting them to a variety of household sounds such as a door knock or doorbell, alarm clock, oven buzzer, telephone, baby cry, name call or smoke alarm. Dogs are trained to make physical contact and lead their hearing impaired partners to the source of the sound. Circle Tail trains hearing dogs for people with hearing impairments.

Service Dogs
Service dogs assist people with a variety of physical and/or mental disabilities other than vision or hearing loss. They may retrieve items, open and close doors, turn switches or alarms on/off, provide occasional balance support, or get help in an emergency. Circle Tail trains service dogs for people with physical disabilities.

Guide Dogs
Guide Dogs assist people who are blind or visually impaired by avoiding obstacles, stopping at curbs and steps, and negotiating traffic. The harness and U-shaped handle fosters communication between the dog and the blind partner. In this partnership, the human’s role is to provide directional commands, while the dog’s role is to insure the team’s safety even if this requires disobeying an unsafe command. **Note: Circle Tail DOES NOT train guide dogs.** For reputable Guide dog organizations see [www.assistancedogsinternational.org](http://www.assistancedogsinternational.org) or [www.igdf.org.uk](http://www.igdf.org.uk).

Clermont Metropolitan Housing Authority (CMHA) is a non profit (pseudo-governmental) entity established primarily for the purpose of developing and / or operating affordable housing according to rules established by the state and HUD. CMHA as a public housing authority is established under state law and is eligible to develop and operate public housing.

CMHA public housing provides affordable shelter for low income families either citizens or eligible immigrants. CMHA’s public housing serves mostly very low-income tenants who pay no more than 30 percent of their adjusted income for rent.

CMHA also administers the tenant-based Section 8 program known also as the Housing Choice Voucher Program. This section 8 voucher program helps very low income individuals and families rent safe and decent housing on the open market. This program pays the landlord the difference between what the individual/family can afford and the actual rent for the unit. In this program payment is made to the landlord on behalf of the qualified person and is not tied to a subsidized housing project. This form of assistance is portable and stays with the qualified person in the form of a Section 8 certificate or voucher.

CMHA Public Housing Program

CMHA reportedly has 218 projects based assisted housing units which it owns and maintains of which, 82 of such units have been designated for the elderly and disabled.

CMHA Senior Housing Options

CMHA has two complexes in which they own and operated that are designated for senior adults these complexes are:

1. Bethel Woods in Bethany Ohio
2. Luewellan Court in Felicity Ohio

There are a reported total of 13 complexes in Clermont County providing senior housing

CMHA Housing Choice Voucher Program

This is a tenant-based Section 8 program. In this program the qualified household has the responsibility of finding their own housing to rent. Which may include single family homes, townhouses, apartments, duplexes and mobile homes. The program participant can choose any housing that meets the requirements of the program. Such housing is not limited to units located in subsidized housing projects.

A housing subsidy is paid to the landlord directly by the public housing authority on behalf of the participating individual or family. The individual or family then pays the difference between the actual rent charged by the landlord and the amount subsidized by the program. This form of assistance is portable and stays with the qualified person in the form of a Section 8 certificate or voucher allowing the qualified person to move without loss of housing assistance.

Where to Apply

On line at www.clermontmha.org or in person at CMHA.

Waiting List

Interested applicants can contact CMHA to check the current status of the waiting list at any time.

When the waiting list is open county residences are notified of such through various means of public notice such as advertisements in local /regional newspapers including the Community Journal and Clermont Sun. Additionally, public and community agencies are also provided notice when the Housing Choice Voucher waiting list is open.

Voucher Allocation

Clermont County reportedly receives an allocation of 890 vouchers.

Non Elderly Disable Voucher / or Other Types of Housing Vouchers Available through CMHA:

Of the reported 890 vouchers allotted to Clermont County 75 are designated as and are specifically available for individuals with ongoing physical or mental disabilities.

No other types of housing vouchers are reportedly available through the CMHA.

Homeownership Programs
Clermont Metropolitan Housing Authority does not administer any home ownership programs.

Our affiliation with The Ohio State University Comprehensive Cancer Center–James Cancer Hospital and Solove Research Institute (OSUCCC–James) through The James Cancer Network brings world-class cancer care to Wilmington, Ohio. Patients benefit from the latest research and innovation in cancer care and treatment—including access to clinical trials, the OSUCCC–James existing treatment plans and National Comprehensive Cancer Care Network-derived guidelines for the delivery of chemotherapy.

Our cancer center, an 18,000-square-foot healing facility built in 2007, is named for Foster (Jack) Boyd, MD, a surgeon and original member of the Clinton Memorial Hospital (CMH) medical staff when it opened in 1951. Dr. Boyd founded CMH’s accredited cancer program. The fully integrated center features treatment “neighborhoods” throughout the building, including a chemotherapy infusion area, radiation suite with linear accelerator, resource library, boutique (offering various items for patients, including hats and turbans, sun protective clothing, wigs, breast prosthetics, and skin care items) and healing garden (accessible from the chemotherapy infusion area).

Clinton Metropolitan Housing Authority
478 Thorne Avenue

Phone: 937-382-5749
Clinton Metropolitan Housing Authority (CHMA) is a non-profit (pseudo-governmental) entity established primarily for the purpose of developing and/or operating affordable housing according to rules established by the state and HUD. CHMA as a public housing authority is established under state law and is eligible to develop and operate public housing.

CMHA public housing provides affordable shelter for low income families either citizens or eligible immigrants. CMHA public housing serves mostly very low-income tenants who pay no more than 30 percent of their adjusted income for rent.

Clinton Metropolitan Housing Authority reports however that as a public entity CMHA currently does not own or maintain any public housing units. This Metropolitan Housing Authority reports it sold its properties to the Clinton County Community Action Agency several years ago.

CMHA however does administer the tenant-based Section 8 program currently known as the Housing Choice Voucher Program. This section 8 voucher helps individuals and families by paying the landlord the difference between what the individual/family can afford and the actual rent for the unit. In this program payment is made to the qualified person and is not tied to a facility. This form of assistance is portable and stays with the qualified person in the form of a Section 8 certificate or voucher.

The CMHA Housing Choice Voucher Program
Clinton Metropolitan Housing Authority administers the Housing Choice Voucher program in Clinton County. Clinton County receives an allocation of 293 Housing Choice Vouchers.

This is a tenant-based Section 8 program. In this program the qualified household has the responsibility of finding their own housing to rent. Which may include single family homes, townhouses, apartments, duplexes and mobile homes. The program participant can choose any housing that meets the requirements of the program. Such housing is not limited to units located in subsidized housing projects.

A housing subsidy is paid to the landlord directly by the public housing authority on behalf of the participating individual or family. The individual or family then pays the difference between the actual rent charged by the landlord and the amount subsidized by the program. This form of assistance is portable and stays with the qualified person in the form of a Section 8 certificate or voucher allowing the qualified person to move without loss of housing assistance.

The CMHA Tenant Based Rental Assistance Program
The Tenant Based Rental Assistance Program (TBRA) provides rent and security deposit assistance. Recipients are enrolled in TBRA and then go on to be enrolled in the Housing Choice Voucher Program. The TBRA assisted approximately 20 to 25 individuals/families. The program is county funded and comes through the county commissioners office.

Free Guidance on Prescription Medicines

Consumer Reports Best Buy Drugs is a public education project of Consumers Union, the publisher of Consumer Reports. It will help you talk to your doctor about prescription drugs, and find the most effective and safe drugs that also give you the best value for your health care dollar. You can save hundreds or even thousands of dollars a year by talking with your doctor and shopping wisely for the drugs you need. By taking a few simple steps, you may even be able to avoid falling into the Medicare coverage gap - called the doughnut hole - which requires you to pay the entire cost for your medicines. You do not have to be a Consumer Reports subscriber or member to use this service. Visit the Best Buy Drugs Web site to search for lower cost alternatives to the prescriptions you take everyday. Click here to read a fact sheet that will help you get started.

Description:
Council on Aging promotes choice, independence, dignity, and well-being through programs and services that help people remain in their homes. Click here to download our complete Reference Guide to Home and Community-based Care Options.

We offer education and support for family caregivers.

We help older adults and people with disabilities remain independent via affordable, high-quality home and community-based services.
We work in hospitals and nursing homes to create smooth transitions from one care setting to the next, with the goal of reducing hospital admissions and premature nursing home placement.

We are the “front door” to unbiased information and resources for older adults, people with disabilities, families, caregivers, and professionals.

Crisis Chat: Online Emotional Support

Area(s) Served:
Nationwide

Description:
Lifeline Crisis Chat is a service of the National Suicide Prevention Lifeline in partnership with CONTACT USA. It is the first service of its kind where crisis centers across the United States have joined together to form one national chat network that can provide online emotional support, crisis intervention, and suicide prevention services. The chat specialists are there to listen and support you through whatever difficult times you may be facing.

Visitors logging on to chat will interact with a chat specialist who will give them space to talk about what they are upset about, exploring feelings and thoughts associated with the crisis. Chat specialists will also assess for suicide risk and work collaboratively with the visitor to come up with a safety plan which addresses positive coping strategies and next steps. The specialists who answer chats have had thorough training in crisis and suicide intervention, as well as specific topics such as youth issues.

If you cannot reach a Lifeline Crisis Chat specialist, they recommend that you call 1-800-273-TALK (8255) for emotional support, or if you are in imminent danger, dial 9-1-1.

The United States Department of Transportation (DOT) has a toll-free hotline dedicated to helping air travelers with disabilities understand what to expect, their rights, and address issues involved with wheelchair travel on airplanes.

Wheelchair travelers may call (800) 778-4838 or (800) 455-9880 seven days a week, 24-hours a day to have their questions answered:

- Learn what to expect when boarding and flying with a wheelchair
- Find out about airline facilities and accommodations provided for wheelchair travelers
- Gain an understanding of consumer rights, as well as airline company responsibilities
- Get real-time assistance with disability-related air travel problems (this includes calling from an airport at the time a problem occurs)

The role of the DOT hotline representative is to work with the airlines to facilitate compliance with the DOTs rules for wheelchair travelers. The representative will offer airlines customer-service solutions help resolve situations as they occur and ensure that disabled travelers’ rights are respected.

In addition, disabled air travelers may call the hotline after a trip to voice a concern or complaint if they were not able to make contact in transit.

Printed copies of consumer information that details wheelchair travelers rights may be obtained by calling the DOT hotline.

Before embarking on a trip, travelers are advised to call their air carrier to provide advance notice for wheelchair assistance with boarding and deplaning -- and between connecting flights.

DiversAbility
6230 Busch Blvd
Columbus OH 45229

Area(s) Served:
Statewide

Contracted Provider: Not Applicable

Description:
WrightChoice, Inc. is a non-profit organization designed to “develop career-ready talent” focusing on our next generation of young leaders. The organization prepares college students with disabilities as well as other minorities for the workforce through four core components including career exploration, personal and professional development, career coaching and internship placement.

The intended outcome is for our students to understand “diversabilities”, demonstrate independence and exercise employability skills, while reprogramming societal stereotypes for people with disabilities in the workforce. Persons with disabilities in Ohio, ages 18-64, with four-year degrees fail to achieve the same rate of employment as their non-disabled peers.

Butler County, Warren County, Clermont County, Clinton County, Hamilton County

Description:
Sweet Dream House Rescue is an all-volunteer, 501(c)(3) non-profit organization dedicated to rescuing all breeds of dogs and cats from high-kill shelters. Our focus is on saving the lives of those who are most likely to not be saved without our help. We concentrate on the transient creatures who have been overlooked by adopters and other rescues, becoming the rescue of ‘last resort’ for those animals. Before any of our rescued dogs and cats are adopted, we provide any necessary medical care and age-appropriate vaccinations to ensure they are healthy. And, they are spayed/neutered and microchipped. We utilize a network of foster homes for pets ready for adoption.

**Extra Help/Low-Income Subsidy**

https://secure.ssa.gov/i1020/start
If you are able to get Medicare’s Part D drug coverage, and have limited income and savings, you may be able to get "Extra Help" from the Medicare Part D Low-Income Subsidy (LIS/Extra Help). This program provides help to pay for your Part D premiums, deductibles, and prescription co-payments. Extra Help has three levels of help. How much assistance you get depends on your income and resources.

How to Apply for Extra Help

Some people do not need to apply for Extra Help. If you are already enrolled in Medicaid, SSI or a Medicare Savings Program (except QDWI), you automatically get Extra Help.

Call Council on Aging for assistance with applications: (513) 721-1025, apply online at Social Security or call Social Security at 1-800-772-1213 to apply by phone or get a paper application. TTY users should call 1-800-325-0778.

**Description:**

The Fair Housing Act, as amended in 1988, prohibits housing discrimination on the basis of race, color, religion, sex, disability, familial status, and national origin. Its coverage includes private housing, housing that receives federal financial assistance, and state and local government housing. It is unlawful to discriminate in any aspect of selling or renting housing or to deny a dwelling to a buyer or renter because of the disability of that individual, an individual associated with the buyer or renter, or an individual who intends to live in the residence.

The Fair Housing Act requires owners of housing facilities to make reasonable exceptions in their policies and operations to afford people with disabilities equal housing opportunities. Complaints of Fair Housing Act violation may be filed with the U.S. Department of Housing and Urban Development.

LIVESTRONG at the YMCA
LIVESTRONG at the YMCA is a 12-week small group program designed for adult cancer survivors. The program fulfills the important need of supporting the increasing number of cancer survivors who find themselves in the transitional period between completing their cancer treatment and the shift to feeling physically and emotionally strong enough to attempt to return to their normal life, or their “new normal.”

YMCA wellness instructors work with each participant to fit the program to their individual needs. The instructors are trained in the element of cancer, post rehab exercise and supportive cancer care.

This 12-week program consists of 75-minute sessions that meet two times per week. A 3-month YMCA membership is provided at no charge to the participants and their household family members.

Class size is limited, advance registration is required. For more information, please contact Chris Lindeman at (513) 892-9622 or lindeman@gmvymca.org.

Description:
The Greater Cincinnati Coalition for the Homeless (GCCH) was formed in May of 1984 for one purpose: the eradication of homelessness in Cincinnati. What started out as a coalition of 15 volunteers meeting weekly in an unheated church basement has since grown into a Coalition of over 45 agencies and hundreds of volunteers.

GCCH member organizations serve the homeless through emergency shelter, transitional living facilities, permanent housing, medical services, social services, soup kitchens, and mental health/addictions services. Membership primarily consists of organizations serving the homeless in the Greater Cincinnati/Tri-State area, Ohio, Kentucky, and Indiana. GCCH membership base also includes individuals and volunteers dedicated to improving services for homeless individuals, educating the public about homelessness and empowering homeless individuals to advocate for their civil rights and housing needs.

The Coalition performs three areas of work: coordinating services, educating the public, and grassroots organizing and advocacy. Homeless and formerly homeless individuals are incorporated into all programs and initiatives at the Coalition.

Cincinnati Habitat for Humanity

Cincinnati Habitat for Humanity is a non-profit Christian housing ministry that seeks to eliminate substandard housing by building simple, decent, affordable homes to sell to low-income families in need.

Cincinnati Habitat works in equal partnership with families, volunteers and donors building a sense of community as well as affordable housing. Cincinnati Habitat for Humanity partners include corporations, churches, foundations, organizations and individual donors who donate money, labor and materials to fund and build our homes.

Cincinnati Habitat is about more than just building houses. The staff and board of directors of Cincinnati Habitat are dedicated...
individuals who are passionate about building homes, families, communities and hope!

Cincinnati Habitat for Humanity is privately funded and does not receive any support from United Way or Habitat for Humanity International. Funding of cash and in-kind contributions from Cincinnati businesses, churches, foundations, organizations and individuals provide money, labor and talent for each Cincinnati Habitat housing project.

**Description:**
421-LIFE (5433) is Hamilton County’s 24-hour elder abuse and neglect reporting line. Since 1981, Ohio has required counties to investigate reports of abuse, neglect, self-neglect and exploitation involving adults 60 and older.

Adult Protective Services (APS), a part of the Hamilton County Department of Job and Family Services, operates 421-LIFE. APS workers receive and investigate reports, identify risks to the safety and well-being of alleged victims, and work to improve situations by connecting older adults with social services and other resources. APS workers sometimes make referrals to police for criminal investigation.

APS workers cannot force older adults to take help. Mentally competent adults have the right to refuse APS assistance and intervention.

APS workers cannot make older adults go into nursing homes. In fact, APS is committed to helping adults stay in their own homes as long as they safely can, or helping them find the least restrictive alternative.

We urge you to become familiar with the warning signs of elder abuse and neglect contained in this brochure and call 421-LIFE if you have concerns. All calls are confidential.

Description:

**Homeless Prevention and Rapid Re-Housing Program (HPRP)**

Is a formula grant from HUD made available to state and local governments participating in Emergency Shelter Grant (ESG) Program.

Program budget is $6735,809 in HPRP funding allocated to the city of Cincinnati and to Hamilton County.

**Program Services:**

- 70% of funds used for homeless prevention program that is designed to provide short term (up to 3 months) of financial assistance to eligible households.
- Assistance provided through case management at one of 6 different agencies: The Free Store, the Salvation Army, Mercy Franciscan, St Vincent de Paul, the Cincinnati Hamilton County Community Action Agency and Santa Maria Community Services.
- All participants screened to assess:
  - That homelessness is imminent without assistance
  - To ensure that they are cases that with the limited direct assistance will prevent homeless; and
  - That the households the 50% AMI criteria.
- The participating agency will be required to provide on going case management and support to the participating household for the 3 month period.
- Assistance may be provided no more than twice during the three year grant period.
- The average level of assistance is estimated at $2,000.00 not to exceed $2,500 per case.

**Rapid Re-Housing activities**

- Are restricted to single person household
- This component of the program will provide medium-term rental assistance for no more than twelve months.
- Eligible participants are single individuals from emergency shelters.
- The free store will provide the coordination among the shelters involved.
- Participants will receive intensive case management to assist in stabilizing housing, maintaining housing, increasing skills and income as well as providing attention to any other special needs.

**Financial assistance may be provided to cover:**

- Security deposits
- Rent
- Utility Assistance

And as needed:

- Past due utility or rental payments to the extent that such prohibits a participant from being re-housed within 6 months of the current date.
- Rapid Re Housing program will also include employment of a Benefits Specialist to assist participants in accessing benefits from Social Security and Medicaid that facilitate movement from shelters to permanent housing more rapid.
- The Rapid Re-Housing program will also include a Housing Specialist to assist participants in accessing affordable housing and to arrange for inspections of such units to ensure habitability.
- A final part of the Rapid Re-Housing Program is funding for limited assistance for participants by Legal Aid as appropriate.
- Over the three year grant period of the Homeless Prevention and Rapid Re-Housing Program (HPRP) is anticipated that 2240 clients will receive homeless prevention services and that the Repaid Re-Housing Program will assist 522 individuals.

• The TBA program is exclusively targeted to persons or families who have physical or mental disabilities.
• The TBA waiting list is established through referrals from agencies which assist persons/families with disabilities.
• Persons/Families are selected from the waiting list and offered Tenant Based Assistance Grants.
• Persons receiving Tenant Based Assistance Grants must follow procedures and regulations similar to the Housing Choice Voucher Program.
• The areas in which persons can look for units are limited to Hamilton County excluding the City of Cincinnati, Amberly Village, Evendale, Indian Hill, Madera, Mariemont, Milford, Newtown, Symmes Township, and Terrace Park.
• Grant holders must select a unit that is the same number of bedrooms or 1 bedroom smaller than their grant size.
• Grant holders must pay 30% of the person/family’s monthly adjusted income. The grant holder pays the difference between the rental subsidy of the contract rent. The subsidy pays the remaining 70% of the contracted rent.
• Grant holders must pay a minimum of 10% of their monthly unadjusted income toward rent and utilities.
• Grant holders must pay 30% of their adjusted monthly income toward a security deposit with the balance of the security deposit (equal to 1 month’s contract rent) to be paid by the Tenant Based Assistance Program.
• The Landlord and the grant holder will be required to sign a lease and contract for a minimum of 1 year. The lease and contract or very similar to those used for the Section 8 program.
• The obligations of the tenant, family and landlord are spelled out in the Tenant Based Assistance Grant and in the Lease and contract. The regulations of the program are much the same as the Section 8 Program.

About Hamilton County Public Health
Hamilton County Public Health serves more than 460,000 Hamilton County residents living outside the cities of Cincinnati, Norwood, Sharonville, Springdale and St. Bernard. With a staff of more than 80, including sanitarians, plumbers, health educators, nurses and epidemiologists, Hamilton County Public Health strives to prevent disease and injury, promote wellness, and protect people from environmental hazards.

Hamilton County Public Health Division of Disease Prevention
Communicable Disease Nurses in Hamilton County Public Health Division of Disease Prevention investigate individual reports of communicable diseases (highly contagious) and when necessary, take steps to control communitywide outbreaks. Staff in this division also arrange for treatment of affected persons, develop programs to prevent future disease outbreaks, provide public and professional education and collaborate with other disease investigators in the Greater Cincinnati region.

Hamilton County Tobacco Free Partnership
Hamilton County Public Health is a leader in the fight against tobacco use and exposure in Hamilton County. The Division of Health Promotion and Education works with a variety of partners in the community to prevent tobacco use, help people quit, and protect people from secondhand smoke.

Greater Cincinnati Flu Collaborative
The Flu Collaborative was first formed almost 10 years ago by the Greater Cincinnati Health Council when a need was discovered in our area for flu vaccine awareness and education. The Health Council transferred ownership of the Flu Collaborative to the Hamilton County General Health District to ensure that the Collaborative’s flu outreach efforts continued.

The Flu Collaborative meets monthly and seeks to increase awareness about the importance of flu vaccination through outreach and educational efforts to the general public and the health care community. Call (513) 946-7882 for meeting dates and locations.

(513) 931-SHOT
The Flu Collaborative manages public vaccination information through (513) 931-SHOT, a vaccine hotline that has evolved from a seasonal call center for flu vaccine availability, to a year-round information source for all types of vaccines.

Health Programs
The Health District offers health education and wellness programs for seniors throughout the County. Programs such as chair volleyball, walking clubs and resisting muscle loss are available.

* Active for Life is a program for adults age 50 and older that teaches simple, practical ways to be more physically active. A few small changes can make a real difference in your everyday life and help you gain more control over your health and independence. Active for Life is the right choice for a healthier life.
* Be physically active without ever leaving your chair! Hamilton County Public Health organizes a Chair Volleyball League for Hamilton County’s older adults. Staff provide orientations, coaches’ manuals, and help organize league play.
* The road to better health one step at a time. Hamilton County Park District organizes Walk Club for county residents at five local Park District parks. Hosts are provided for scheduled Club walks and membership is free.

Description:
Are you struggling with a health condition such as diabetes, high blood pressure, heart disease, fibromyalgia, or arthritis?

The Healthy-U Chronic Disease Self-Management Program is proven to improve quality of life -- and save money by reducing health care expenses. It’s free to adults of any age with any on-going health condition and/or their caregivers.

Healthy U is a small group workshop that focuses on problem solving and building self-confidence to help people maintain their health and manage chronic health conditions. Many people struggle to manage symptoms of chronic disease -- especially older adults who are more likely to be living with more than one chronic illness. In 2009, the Surgeon General estimated that 50% of older Americans were living with at least two chronic health conditions (at least 80% had one).

The workshops are led by trained facilitators -- usually non-health professionals who have a chronic disease themselves. Participants meet for six weeks, once a week, for two and a half hours, and learn to control their symptoms through: relaxation techniques, diet and exercise changes, managing sleep and fatigue, using medications correctly, and communication with family members, friends and health care providers.

Healthy U, developed at Stanford University as the Chronic Disease Self Management Program, is successful because it was developed with input from people who have chronic diseases themselves. COA is offering the workshop locally through a grant from the Ohio Department of Aging and the federal Administration on Aging.

For information about workshop dates and locations, click here or call (513) 721-1025 and ask for Healthy-U.

Council on Aging is looking for individuals and organizations who are interested in offering the Healthy-U program. Healthy-U leaders are either adults (preferably with a chronic health condition) or professionals such as nurses, care managers, health educators, etc.

Healthy-U leaders:
- receive specialized training and easy-to-use instructional materials
- learn new skills and gain valuable experience in program delivery
- experience the satisfaction of changing lives with a proven effective program

**Description:**

**Tips for helping older adults prevent heat-related illness and injuries**

During hot summer months, everyone should take care to protect themselves from heat-related illnesses and injuries. During this time, our elderly loved-ones, friends and neighbors (people age 65 and older) are more susceptible to heat-related illnesses and injuries, because:

- Elderly people do not adjust as well as young people to sudden changes in temperature.
- They are more likely to have a chronic medical condition that upsets normal body responses to heat.
- They are more likely to take prescription medicines that impair the body’s ability to regulate its temperature or that inhibit perspiration.

**Heat Stroke**

Heat stroke is the most serious heat-related illness. It occurs when the body becomes unable to control its temperature: the body’s temperature rises rapidly, the body loses its ability to sweat, and it is unable to cool down. Body temperatures rise to 106F or higher within 10 to 15 minutes. Heat stroke can cause death or permanent disability if emergency treatment is not provided.

**Signs and Symptoms of Heat Stroke**
Warning signs vary but may include the following:

- An extremely high body temperature (above 103°F)
- Red, hot, and dry skin (no sweating)
- Rapid, strong pulse
- Throbbing headache
- Dizziness
- Nausea

Heat Exhaustion
Heat exhaustion is a milder form of heat-related illness that can develop after several days of exposure to high temperatures and inadequate or unbalanced replacement of fluids.

Signs and Symptoms of Heat Exhaustion

Warning signs vary but may include the following:

- Heavy sweating
- Paleness
- Muscle Cramps
- Tiredness
- Weakness
- Dizziness
- Headache
- Nausea or vomiting
- Fainting
- Skin: may be cool and moist
- Pulse rate: fast and weak
- Breathing: fast and shallow

What you can do to protect yourself

You can follow these prevention tips to protect yourself from heat-related stress:

- Drink cool, nonalcoholic beverages. (If your doctor generally limits the amount of fluid you drink or has you on water pills, ask him how much you should drink when the weather is hot. Also, avoid extremely cold liquids because they can cause cramps.)
- Rest.
- Take a cool shower, bath, or sponge bath.
- If possible, seek an air-conditioned environment. (If you don’t have air conditioning, consider visiting an air-conditioned shopping mall or public library to cool off.)
- Wear lightweight clothing.
- If possible, remain indoors in the heat of the day.
- Do not engage in strenuous activities.

What you can do to help protect elderly relatives and neighbors

If you have elderly relatives or neighbors, you can help them protect themselves from heat-related stress:

- Visit older adults at risk at least twice a day and watch them for signs of heat exhaustion or heat stroke.
- Take them to air-conditioned locations if they have transportation problems.
- Make sure older adults have access to an electric fan whenever possible.

What you can do for someone with heat stress

If you see any signs of severe heat stress, you may be dealing with a life-threatening emergency. Have someone call for immediate medical assistance while you begin cooling the affected person. Do the following:

- Get the person to a shady area.
- Cool the person rapidly, using whatever methods you can. For example, immerse the person in a tub of cool water; place the person in a cool shower; spray the person with cool water from a garden hose; sponge the person with cool water; or if the humidity is low, wrap the person in a cool, wet sheet and fan him or her vigorously.
• Monitor body temperature and continue cooling efforts until the body temperature drops to 101°F
• If emergency medical personnel are delayed, call the hospital emergency room for further instructions.
• Do not give the person alcohol to drink.
• Get medical assistance as soon as possible.

Help with summer cooling costs
Help with summer cooling costs is available to low-income and older Ohio residents starting July 1 through Aug. 31.

The assistance is provided by the Ohio Department of Development’s annual Home Energy Assistance Program (HEAP) Summer Crisis Program, which provides a one time payment of up to $175 for electric bills to low-income and elderly residents who meet eligibility guidelines. Last year, more than 42,000 Ohio residents received help through the HEAP Summer Crisis program.

### Home Delivered Meals

**Council on Aging of Southwestern Ohio**  
Cincinnati OH 45246

**Area(s) Served:**  
Butler County,  
Warren County,  
Clermont County,  
Clinton County,  
Hamilton County

**Description:**

For many people, getting at least one nutritious meal a day can be a challenge. Physical or cognitive disability, illness, and lack of support or transportation are common barriers that prevent many people from preparing food or traveling to a group meal location such as a church or senior center.

To offer access to nutritious meals, Council on Aging (COA) provides home-delivered meals through 1) PASSPORT (Ohio's Medicaid waiver home care program), 2) locally-funded Elderly Services Programs, and 3) the Ohio Home Care Waiver program (Ohio Medicaid waiver program for people under age 60). Each year, COA provides more than 2 million meals to approximately 10,000 homebound older adults in Butler, Clermont, Clinton, Hamilton and Warren counties.

**Eligibility**

Eligibility for home-delivered meals is determined by nutritional need and criteria are derived from funding sources. To qualify for home-delivered meals, you must meet **all** of the following criteria:

- age 60 or older (except for the Ohio Home Care Waiver where there is no age criterion)
- unable to prepare your own meals
- unable to participate in a congregate nutrition program because of physical or emotional difficulties
- lack another meal support service in the home or community

Home-delivered meals may also be provided to the spouse of an eligible person, who lives in the home of the eligible person, regardless of the spouse's age or abilities. This is determined on a case-by-case basis.

Meals are prepared by one of our quality meal providers and delivered directly to your door by a friendly volunteer or staff person. Delivered meals can be hot, chilled or frozen and can be prepared to meet special dietary needs (diabetic, dietary restrictions, etc.).

**Cost**

Home-delivered meals through Council on Aging are free of charge. However, our funding does not cover the full cost of preparing and delivering meals. Donations allow us to reach out to more people and help with the costs for preparation and delivery. Donations of any size are accepted and appreciated. Your meal provider will explain how you may make a donation.

**How to Enroll**

For information about receiving home-delivered meals, call:

- Butler: (513) 868-9281
- Clermont: (513) 724-1255
- Clinton and Hamilton: (513) 721-1025 or (800) 252-0155

**Home Energy Assistance Program (HEAP)**

77 South High Street  
Columbus OH 43215

**Phone:** 800.282.0880

**Description:**

The Home Energy Assistance Program (HEAP) is a federally funded program administered by the Ohio Development Services Agency’s Office of Community Assistance (OCA). It is designed to help eligible low-income Ohioans meet the high costs of home heating. If you are eligible for assistance, the amount of your one-time HEAP benefit will depend on federal funding levels, how many people live with you, total household income, and the primary fuel you use to heat your home. In most cases, the one-time benefit will be a credit applied to your energy bill by your utility company (or fuel vendor). HEAP is available from November through March, or until funds are depleted. The Summer Cooling Crisis Program begins July 1. For a HEAP application, call Council on Aging, 513-721-1025.

**Emergency Heap (EHEAP)**

This program provides assistance to households which have had their utilities disconnected, face the threat of disconnect, or have 10 or fewer days supply of bulk fuel. It allows a one-time payment of up to $200 per heating season to restore or retain home heating services.

**Percentage of Income Payment Plan (PIPP) Plus**

PIPP Plus is an extended payment arrangement that requires regulated gas and electric companies to accept payments based on a percentage of the household income for customers whose monthly countable income is at or below 150 percent of the current federal poverty guidelines. Under PIPP Plus, if you heat with gas, you pay 6 percent of your monthly household income to your gas company and 6 percent to your electric company. If you heat with electricity, you pay 10 percent of your monthly household income. The Community Action Agency or utility company will inform you of your PIPP Plus installment. Once you are enrolled in the program, you must pay your installment every month in full and on time.

Visit the Ohio Department of Development Web site for more information about these programs.

Hospital Care Assurance Program (HCAP)
50 West Town Street
Columbus OH 43215

Area(s) Served:
Statewide

Contracted Provider: Not Applicable

Description:
Hospital Care Assistance Program (HCAP)

Patients who need medical care, but are unable to pay for it, may be eligible for free or reduced fee care at Ohio hospitals through the Hospital Care Assurance Program (HCAP) or Hospital Financial Assistance Programs. For both programs, the patient must fill out an application and provide proof of income.

To be eligible for HCAP:

- You must be an Ohio resident
- You are not a recipient of the Medicaid program, and
- Your family income is at or below the https://aspe.hhs.gov/poverty-guidelines OR you are covered by the Disability Assistance Program

Prior hospital bills - paid or unpaid, may be covered by HCAP. Patients can apply for HCAP up to 3 years after they are notified about it. Patients should contact the hospital’s billing department about prior bills, and ask to apply for HCAP - even if the bill has already been sent to collections. If a patient paid a bill but was eligible for HCAP, they may be reimbursed.

Hospital Financial Assistance Programs

For patients who do not qualify for HCAP, hospitals may have their own financial assistance programs. Since these programs are voluntary, each hospital has different rules and procedures. Call the hospital, ask for the financial assistance department, and ask about financial assistance options available for patients with incomes too high to qualify for HCAP.

These programs cover hospital services only

Both HCAP and hospital financial assistance programs cover only hospital charges, not bills from non-hospital providers (such as x-rays, radiologists, and other medical providers who are not hospital staff members). However, many doctors may reduce or drop their fees when told that the patient qualified for HCAP. Patients should ask hospital billing departments to provide them with documentation stating they qualified for HCAP or other programs. The patient can then share this documentation with non-covered providers.

Aging in Place: A term used to describe elderly residents who have lived in their homes or apartments for years who often require more supportive services than when they moved in.

AAHSA: The American Association of Homes and Services for the Aging: the national association for non profit aging service providers. AAHSA currently represents over 5,000 not for profit facilities providing elderly housing and other living arrangements for the elderly. Seventy-five percent of AAHSA member facilities are affiliated with religious organizations. Most of the AAHSA’ss not for profit sponsors of elderly housing are involved in various federal housing programs.

ADA: The Americans with Disabilities Act (ADA) says no individual shall be discriminated against on the basis of disability in the full and equal enjoyment of the goods, services, facilities, privileges, advantages and accommodations of any place of public accommodation.

Assisted Housing: Refers to a stock of privately owned and/or operated housing projects. Most assisted housing for the elderly falls under the following programs: Section 202, Section221 (d) 3, Section236, Section 231 or Section 232

The term Assisted refers to the portfolio of HUD facilities having either FHA-mortgage insurance, or a federal mortgage interest subsidy helps to keep rents affordable to low-or very-low income persons, The projects receive project-based rental assistance.

Assisted Living Conversion Program: Refers to Section 202 owners interested in converting facilities or portions of facilities (no less than 5 units) to licensed assisted living. The grant would cover facility modification and upgrades, including the creation of an office,
common areas and/or dining/kitchen facilities needed to operate the program, but the services component must be paid for by other (non-HUD) funds.

**At-Risk Elderly Person:** In accordance with HUD regulations this is an individual 62 years of age or older who is unable to perform one or two ADLs.

**Capital Advance:** Created in 1990 a HUD program that assist private, nonprofit corporations to finance the acquisition, construction or rehabilitation of housing for the elderly (Section 202/Prac) or disable (Section811/PRAC). It has a 40 year term and does not have to be paid back, provided the project continues to serve the low-income population for which it was initially intended.

**Certification also "Recertification":** The documentation and verification process required of HUD managers in order to determine initial income and eligibility during the application process. The initial certification is used for applicants/new tenants to establish the amount of Rental Assistance Subsidy which the applicant or tenant is eligible to receive. Recertification is required at least once each year. Residents receiving federal rental assistance usually pay 30 percent of their annual adjusted income, and the rental assistance payment (i.e. section 8 or PRAC) makes up the difference between the resident payment and the unit rent level.

**Congregate Housing:** Apartments or cottages in which residents pay a monthly fee that included rent, utilities, one to three congregate meals daily and including one or more of housekeeping/chore services, 24-hour emergency response, and essential transportation. Personal care services are individually contracted between residents and private vendors.

**Congregate Housing Services Program:** Began in 1981, CHSP is a program designed to provide meals, expanded services and funding for retrofit and certain modernization activities in housing projects for the frail elderly and non-elderly disabled. Congress renews CHSP existing grantees annually. New competitive grants have not been funded since 1995.

**Disability Family:** A family whose head, spouse, or sole member is a person with disabilities; or two or more persons with disabilities living together, or one or more persons with disabilities living with one or more live-in aides.

**Elderly Person:** In accordance with HUD regulations this is a person who is at least 62 years of age.

**Elderly Family:** A family whose head, spouse, or sole member is a person who is at least 62 years of age; or two or more persons who are at least 62 years of age living together; or one or more persons who are at least 62 years of age living with one or more live in aides.

**Elderly Housing:** Elderly Housing is a loose term indicating intended target group, for which the sponsor developed the housing. The needs and concerns for elderly housing programs are often distinguishable from those impacting family housing. Elderly housing programs however, need to be distinguished from within multifamily housing as having a unique position in long term care concerning Medicare and Medicaid.

Enhanced Vouchers: As some for profit owners began to opt-out of the Section 8 program, congress authorized enhanced vouchers for residents currently residing in formerly assisted (section 8 project-based) properties. This was done to prevent forced displacement of residents for whom often times the rent would be beyond the tenant’s means when the property was converted to market rate. So at Opt Out, qualified low income residents are issued tenant based vouchers. If they elect to remain at their current location, enhanced vouchers are issued to make up the difference between previously subsidized and new market rent levels. If the resident elects to leave the property, the voucher reverts to the normal payment standard for the area.

**Fair Housing Act and Fair Housing Amendments (FHAA):** Legislation first enacted in 1968 and expanded by amendments in 1974 and 1988, which provides the Secretary of HUD with investigation and enforcement responsibilities for fair housing practices.

The Fair Housing Act (FHA) is a national policy to protect against violations of housing rights. FHA prohibits discrimination in housing based on race, color, national origin, religion, sex, disability, and familial status. Some states include three additional protected classes to the above: age, sexual orientation and marital status.

It is unlawful to discriminate in housing (treat people differently) based on the above factors. FHA covers most housing with very few exceptions. It prohibits discrimination in the sale and rental of housing and in mortgage lending. Fair Housing means equal opportunity to housing for all. It means equal access to rental housing and homeowner opportunities.

Farmer Home Administration (FmHA): The Farmers Home Administration was the part of the U.S. Department of Agriculture whose purpose was to administer loans, grants, and related assistance for housing and community facilities for low-income rural persons and their communities, AAHSA members with projects funded through FmHA are usually Section 515 projects.

**Federal Housing Administration (FHA)** The Federal Housing Administration is a division of the Department of Housing and Urban Development (HUD), FHA

Internal Revenue Service

Area(s) Served:
Nationwide

Description:
The IRS Volunteer Income Tax Assistance (VITA) and the Tax Counseling for the Elderly (TCE) Programs offer free tax help for taxpayers who qualify.

VITA
The VITA Program generally offers free tax help to people who make $52,000 or less and need assistance in preparing their own tax returns. IRS-certified volunteers provide free basic income tax return preparation with electronic filing to qualified individuals in local communities. They can inform taxpayers about special tax credits for which they may qualify such as Earned Income Tax Credit, Child Tax Credit, and Credit for the Elderly or the Disabled. VITA sites are generally located at community and neighborhood centers, libraries, schools, shopping malls, and other convenient locations.

TCE
The TCE Program offers free tax help for all with priority assistance to people who are 60 years of age and older, specializing in questions about pensions and retirement issues unique to seniors. IRS-certified volunteers who provide tax counseling are often retired individuals associated with non-profit organizations that receive grants from the IRS.

**Description:**
Led by the Centers for Medicare & Medicaid Services (CMS), the QIO Program is one of the largest federal programs dedicated to improving health quality at the local level. The Program aligns with the six CMS Quality Strategy goals:

1. Make care safer by reducing harm caused in the delivery of care.
2. Ensure that each person and family are engaged as partners in their care.
3. Promote effective communication and coordination of care.
4. Promote the most effective prevention and treatment practices for the leading causes of mortality, starting with cardiovascular disease.

5. Work with communities to promote wide use of successful interventions to enable healthy living.

6. Make quality care more affordable for individuals, families, employers, and governments by developing and spreading new health care delivery models.

QIOs work with local health care providers, serving as change agents, conveners, and collaborators. They form groups of health care providers and other stakeholders to learn from one another and to use that knowledge in making care more patient-centered, safer, and coordinated. Because QIOs share best practices with one another, providers benefit from the experience of their peers across the country, which further accelerates improvement. QIOs also help Medicare beneficiaries exercise their right to high-quality health care. Patients benefit from the QIO Program’s charge to address beneficiaries’ quality of care complaints and discharge appeals as well as from the QIO improvement initiatives those complaints and appeals inspire.

Through its national network of independent, trusted organizations, the QIO Program is collaborating with providers at all levels of clinical performance to improve health quality in five key areas:

- Keeping the patient at the center
- Preventive care
- Improving care coordination
- Better data for better care
- Safer care

Warren County,
Clermont County,
Montgomery County,
Statewide,
Clinton County,
Hamilton County

Phone: (800) 686-7826
Phone Extension: N/A

Contracted Provider: Not Applicable

Description:
The Public Utilities Commission of Ohio (PUCO) urges qualifying low-income residents to apply for Lifeline Telephone Assistance. Lifeline Assistance makes basic local telephone service more affordable for income-eligible families across Ohio. Those who qualify could receive discounts for monthly telephone bills and/or installation costs of telephone service. And now, some wireless companies offer Lifeline discounts.

You may qualify for Lifeline if your household income is at or below 150 percent of the federal poverty guidelines or if you participate in one of the following programs:

- Medicaid
- Supplemental Nutrition Assistance Program (SNAP)/ Food Stamps
- Supplemental Security Income (SSI)
- Federal Public Housing Assistance/Section 8
- Temporary Assistance for Needy Families (TANF)/Ohio Works First
- National School Free Lunch Program
- Low Income Home Energy Assistance Program (LIHEAP)

A Lifeline eligibility pre-screening tool is available at [www.lifelinesupport.org](http://www.lifelinesupport.org). You can also obtain an application by calling Council on Aging 513-721-1025.

Lifeline benefits may be applied to only one type of service – landline or wireless – and are limited to one line per household. Customers receiving lifeline benefits must also re-verify their eligibility annually. Other restrictions may apply.

Eligible low-income customers receive a monthly discount of $9.25 on basic local landline telephone service, waiver of installation charges, waiver of deposit fees, optional toll blocking at no charge and optional 900/976 blocking at no charge. Wireless carrier plans also include a $9.25 monthly discount for qualified customers. Contact your local landline or wireless phone company at the numbers listed here and ask to apply for Lifeline.

If you have any questions or have a complaint about Lifeline, please contact the PUCO at (800) 686-7826.

Contracted Provider: Elderly Services Program

Description:
LifeSpan is a private non-profit social service agency dedicated to improving the quality of lives throughout the Ohio Counties of Butler and Warren. LifeSpan’s programs reach those of all ages, backgrounds and income levels through offices in Hamilton, Mason, Middletown, Oxford and West Chester. LifeSpan’s programs include outpatient behavioral health counseling, credit counseling, elderly services program, guardianship and more...

Butler County Elderly Services Program

LifeSpan provides intake, screening and care management services for the Butler County Elderly Services Program, under contract with Council on Aging of Southwestern Ohio. Butler County ESP provides services such as meals on wheels, personal care and medical transportation, to eligible Butler County seniors so they can stay in their homes, instead of moving to an institution. LifeSpan is also a
Representative Payee

Many mentally ill or disabled residents of Butler and Warren Counties rely on Social Security for their monthly income. When their illness or disability interferes with their ability to manage their money, instability or homelessness can result. LifeSpan's Representative Payee program provides bill payment service for these individuals ensuring their bills are paid on time which keeps their rent current, their utilities on and their lives stable.

Credit Counseling Services

From obtaining and understanding credit reports to the more complex issues of bankruptcy, LifeSpan counselors are prepared and trained to help. LifeSpan offers a full range of programs for participants who may need just one or several services. Services include: budget guidance, credit counseling, money management education, homeownership education and counseling, and bankruptcy pre-filing and pre-discharge counseling.

Guardianship

LifeSpan guardians include both staff members and trained volunteers. They are appointed by the Probate Court to make decisions for their wards relating to health care, living arrangements or safety issues. Wards are individuals who have no immediate family able or willing to help them or they have mental limitations that impair their ability to make competent decisions. They typically live in nursing homes, group homes and in other supported living environments. Many times the guardian may be the only person who visits outside of medical professionals or caregivers.

Behavioral Health Services

LifeSpan’s Behavioral Health program supports individual and family success, and the healthy emotional adjustment of children, adolescents and adults through its treatment services. Our therapists assist clients with analyzing their issues and developing methods of overcoming their problems. LifeSpan’s behavioral health services have been continuously accredited by the internationally recognized Council on Accreditation.

Clinton County,
Hamilton County

Description:
Long-term care ombudsmen are advocates for residents of nursing homes, board and care homes and assisted living facilities. Ombudsmen provide information about how to find a facility and what to do to get quality care. They are trained to resolve problems. If you want, the ombudsman can assist you with complaints. However, unless you give the ombudsman permission to share your concerns, these matters are kept confidential. Under the federal Older Americans Act, every state is required to have an Ombudsman Program that addresses complaints and advocates for improvements in the long-term care system.

The ombudsman program is administered by the Administration on Aging (AoA). The network has 7,331 volunteers certified to handle complaints and 1,320 paid staff. Most state ombudsman programs are housed in their State Unit on Aging. Nationally, in 2016 the ombudsman program investigated over 199,493 complaints on behalf of 125,642 individuals and provided information on long-term care to another 378,582 people.

Visit the AoA website for more information.

Whether through individual contact with residents or systemic advocacy, ombudsmen make a difference in the lives of residents in long-term care facilities everyday.

The Regional EITC Collaborative led by United Way of Greater Cincinnati, is a coalition of business, nonprofit and government partners with one purpose - to help eligible wage earners in Southwestern Ohio, Northern Kentucky and Southeastern Indiana receive quality tax preparation and wealth-building opportunities to strengthen their own financial stability. Regional partners in delivering free tax preparation include VITA, AARP, Benefit Bank and United Way.

The Collaborative promotes free and fair tax preparation services for middle and low-income wage earners. Many filers are subject to filing fees and refund anticipation loans sold to them by private, for-profit businesses. Eligible wage earners can avoid these fees and loans by using the Collaborative’s Free Tax Prep & E-filing Sites and services throughout Southwestern Ohio and Northern Kentucky. The sites and services are free, quick and an efficient alternative to paid preparers.

The Collaborative also encourages financial independence and savings for middle and low-income households. Wealth-building is an important step toward home ownership, saving for education or retirement, and day-to-day living.

Cincinnati OH 45211

Area(s) Served: Hamilton County

Description:

Programs:

Continuing Education: for People with and without Disabilities

Noncredit Educational Classes - Marjorie Book Continuing Education sponsors several noncredit postsecondary classes each year for students with and without disabilities. In the past, the group has held Introduction to German, Ceramics, Introduction to Tai Chi and Theories of Leadership classes. Classes are typically held on five consecutive Friday nights from 7:00 - 8:30 PM at various locations including Xavier University and University of Cincinnati. The instructor finds ways for all participants, regardless of ability level, to make meaningful contributions to the classes. Marjorie Book Continuing Education also sponsors a free two day educational trip to some area in Ohio, Kentucky, Indiana or Michigan each summer.

Community Service: by People with and without Disabilities

Service Learning Projects - Marjorie Book Continuing Education performs several service projects throughout the year for other Greater Cincinnati non-profits. Service learning projects are mostly held on Saturdays from 10:00 AM - 3:00 PM. The group finds ways for all participants, regardless of ability level, to make meaningful contributions to the service project. Past service sites have included Gorman Farm and the Over-the-Rhine Community Housing Network. Marjorie Book Continuing Education also sponsors a free two day service trip to Northern Ohio each summer.

Theater: Drama for People with and without Disabilities

Theatrical Rehearsals and Productions - Marjorie Book Continuing Education produces three theatrical shows each year - the first performed in May, the second performed in July and the third in August. The third show each year is usually a musical. The group
typically performs classic or contemporary theater productions by authors such as Shakespeare, Ibsen, Wilder, Shaw and a host of more contemporary authors. Past shows have included All in the Timing, Summer and Smoke, Rossum’s Universal Robots and Nothing but the Truth. Past musicals have included Godspell and Footloose. Presently, the group rehearses each show approximately a dozen times on selected evenings at Friendship Methodist Church in Wyoming and performs at the Cincinnati Museum Center in Queensgate. New actors, with and without disabilities and with and without acting experience are constantly needed.

Medicaid Fraud and Abuse Hotline

**Area(s) Served:** Nationwide, Statewide

**Description:**

You are encouraged to report matters involving Medicaid fraud, waste and abuse. To assist you in combating fraud you are being provided with the following guidelines.

Before you get in touch with your state Medicaid contact or call the National Fraud Hotline, please be ready to provide as much information as possible, including:

- The name of the Medicaid client
- The client’s Medicaid card number
- The name of the doctor, hospital, or other health care provider
- The date of service
- The amount of money that Medicaid approved and/or paid
- A description of the acts that you suspect involves fraud or abuse relating to your allegation.

**Who to Contact**

**Contact Your State Directly** - Medicaid is a joint Federal and State-funded program. Although the Federal Government requires that certain persons are eligible for Medicaid benefits and sets standards for quality of care, the States carry out most of the day-to-day business of Medicaid. If you suspect that fraud is being committed against Medicaid, your first contact should be the Program Integrity contact in the agency that oversees your State's Medicaid program, which is usually called the State Medicaid Agency.

**In Ohio:** Ohio Department of Job and Family Services or Ohio Attorney General's Office

- To report welfare fraud: 614-728-7741 or 800-627-8133 (ODJFS)
- To report general Medicaid fraud: 800-282-0515 (Attorney General)

**Call the OIG National Fraud Hotline** - A second way to report suspected fraud in Medicaid is to call the Office of Inspector General's (OIG) National Fraud Hotline or submit your report online. This hotline handles calls about both Medicaid and Medicare, but it is not as direct as calling your State contact.

If you choose to use the Hot Line and/or submit online as a means of reporting fraud, you are still asked to use the guidelines listed above before you make your call.

Medicare Nursing Home Compare

Use the site to obtain a free copy of A Guide to Choosing a Nursing Home. You can search the site to obtain and compare nursing home information from all parts of the country, including their performance at their last Medicare state survey.

Medicare Plan Finder

Not all Medicare Advantage Plans work the same way, so before you join, take the time to find and compare Medicare Health Plans in your area.

Use Medicare’s Plan Finder to find and compare Medicare Advantage (Part C) plans available in your area. Have the enrollee’s zip code ready.

You can get help from your state paying your Medicare premiums. In some cases, Medicare Savings Programs may also pay Part A and Part B deductibles, coinsurance, and copayments if you meet certain conditions.

Medicare Savings Programs

There are four kinds of Medicare Savings Programs:

1. Qualified Medicare Beneficiary (QMB) Program
2. Specified Low-Income Medicare Beneficiary (SLMB) Program
   - If you have income from working, you may qualify for SLMB benefits even if your income is higher than these limits.
3. Qualified Individual (QI) Program
   - You must apply every year for QI benefits. QI applications are granted on a first-come, first-served basis, with priority given to people who got QI benefits the previous year. (You can’t get QI benefits if you qualify for Medicaid).
4. Qualified Disabled and Working Individuals (QDWI) Program
   - The QDWI program helps pay the Part A premium. You may qualify if any of the following apply to you:
     - Are a working disabled person under 65
     - Lost your premium-free Medicare Part A when you went back to work
     - Aren’t getting medical assistance from your state
     - Meet the income and resource limits required by your state

How to Apply for Medicare Savings Programs

Many people do not know or understand if they qualify for Medicare Savings Programs. Council on Aging can help. Call us at 513-721-1025 for help in determining your eligibility.

If you qualify for a Medicare Savings Program in your state, you automatically qualify to get Extra Help paying for Medicare prescription drug coverage.

Mercy Health - The Jewish Hospital
4777 East Galbraith Road
Cincinnati OH 45236

Area(s) Served:
Butler County,
Warren County,
Clermont County,
Clinton County,
Hamilton County

Description:
At The Jewish Hospital — Mercy Health, we're proud of our legacy as the first Jewish hospital in the United States, founded in 1850 to serve the Jewish community of Cincinnati. Yet since the beginning, we've been privileged to welcome and care for people of all faiths. To this day, our doctors, residents, nurses and staff remain focused on delivering compassionate care and the best outcomes for patients and their families.

The Jewish Hospital — Mercy Health was founded in 1850, when a cholera epidemic sickened thousands of Cincinnatians. The Jewish community saw a need to provide care for poor Jews, and founded the first Jewish hospital in the United States. Since its early days, The Jewish Hospital has always welcomed and cared for people of every faith.

The Jewish Hospital’s legacy of teaching the next generation of physicians dates back more than 100 years, and today, residents in surgery, medicine, podiatry and pharmacy all train at The Jewish Hospital.

The Jewish Hospital — Mercy Health is located in Kenwood, a Cincinnati suburb that provides convenient access from around the Tristate.

Our renowned services include the region’s first and most comprehensive adult Blood & Marrow Transplant Center; enhanced neurosciences capabilities with our Brain Tumor Center – a partnership with OHC (Oncology Hematology Care), the region’s largest oncology practice, and Mayfield Brain & Spine, the region’s largest neurosurgical practice – to treat brain tumors; a premier Joint Replacement Center performing nearly 1,000 total joint replacements every year; the region’s most experienced mobile mammography program; the Weight Management Center and full-spectrum cardiovascular and emergency services.

We’re excited about the progress of our renovation and expansion over the next few years, which contribute to our continuous drive to put our patients, their families and their health care team at the center of it all.

Butler County

Description:
The Middletown Public Housing Agency (MPHA) provides Housing Choice Vouchers Only. The Middletown Public Housing Agency does not own or maintain other project based subsidized housing units.

Housing Choice Voucher Program
This is a tenant-based Section 8 program. Section 8 rental vouchers helps individuals and families by paying the landlord the difference between what the individual/family can afford and the actual rent for the unit.

In this program the qualified household has the responsibility of finding their own housing to rent. Which may include single family homes, townhouses, apartments, duplexes and mobile homes. The program participant can choose any housing that meets the requirements of the program. Such housing is not limited to units located in subsidized housing projects.

A housing subsidy is paid to the landlord directly by the public housing authority on behalf of the participating individual or family. The individual or family then pays the difference between the actual rent charged by the landlord and the amount subsidized by the program. This form of assistance is portable and stays with the qualified person in the form of a Section 8 certificate or voucher allowing the qualified person to move without loss of housing assistance.
Waiting List

Typically there is a waiting list for the Housing Choice Voucher Program. When the waiting list is open notification goes out to residents through various means of pubic notice such as the local newspaper. Interested parties may also contact the Middletown Public Housing Agency at any time to find out if the waiting list is open.

Voucher Allocation for City of Middletown:

Middletown Public Housing Agency has a reported allocation of 1662 Housing Choice Vouchers.

Once an individual comes off the wait list the individual is scheduled for an orientation class on how to find appropriate housing, tenant responsibilities etc... Additionally the individual is given a housing listing that meets their specific needs.

Once enrolled in the housing Choice Voucher program there is an annual certification process.

Income Limit

FY2010 Income Limit for the (MPHA) Housing Choice Voucher Program:

$24,350.00 1 Person

$27,800.00 2 Persons

Non-Elderly Disable Voucher / or other type of Housing Voucher Availability:

Middletown Public Housing Agency offers no specifically earmarked Non Elderly Disable Vouchers. Additionally no other type of housing voucher is known to be available through the Middletown Public Housing Agency.

The Middletown Public Housing Agency Home Ownership Program Partnership

The Home Ownership Program is a HUD federally funded program. Applicants must earn a minimum of $15,000 annually. HUD pays a portion of the mortgage for up to 5 years

Middletown Public Housing Agency partners with various community organizations who offer a variety of supportive services to assist individuals seeking homeownership to assist them with the preparation for the home buying process.

Music Therapy Services, LLC
8447 Beechmont Avenue
Cincinnati OH 45255

Area(s) Served:
Butler County, Warren County, Clermont County, Hamilton County

Description:
Music Therapy is a well-established allied health professional similar to occupational therapy and physical therapy. It consists of using music therapeutically to address physical, psychological, cognitive and/or social functioning. Because music therapy is a powerful and non-threatening medium, unique outcomes are possible. Music therapy has been proven an effective intervention of older adults with developmental disabilities, mental illness, communication disorders, physical disabilities, chronic, illness, and Alzheimer’s disease and related dementias. Some private insurance companies will reimburse the cost of music therapy treatment.

Music Therapy uses music experiences, both instrumental and vocal, passive and active, designed by the therapist to facilitate changes which are non-musical in nature. Music Therapy intervention is based on individual assessment, treatment planning, and ongoing program evaluation. The music therapist functions as part of the interdisciplinary team working to enable each individual to reach his or her highest potential.

Music Therapy Services, LLC, is a private practice of board-certified music therapists serving the Greater Cincinnati community. Individual and small group sessions are offered at our Anderson Township location. Contract and consulting services are available for area agencies, including day programs and skilled care-rehabilitation centers. Individuals may also arrange for services at these agencies.

The National Council on Aging (NCOA) is a nonprofit service and advocacy organization headquartered in Washington, DC. NCOA is a national voice for older Americans and the community organizations that serve them. NCOA brings together nonprofit organizations, businesses, and government to develop creative solutions that improve the lives of all older adults.

NCOA works with thousands of organizations across the country to help seniors find jobs (employment) and benefits, improve their health, live independently, and remain active in their communities.

Reverse Mortgage Counseling

NCOA’s Reverse Mortgage Counseling Services Network is one of seven national counseling groups approved by the U.S. Department of Housing & Urban Development.

A reverse mortgage allows homeowners aged 62+ to convert a portion of their home equity into cash while they continue to live at home for as long as they want.

NCOA counselors are exam-qualified aging services professionals who can help you:

- **Evaluate the pros and cons** of a reverse mortgage for your situation.
- **Apply for public and private benefits** that can help you pay for needs like home energy, meals, and medications.
- **Find services in your community** that can help you stay independent longer.

There is no fee unless you choose to apply for a reverse mortgage. NCOA also waives the $135 counseling fee for older adults who:

- Are facing financial challenges such as foreclosure.
- Have modest incomes under $20,000 for single homeowners and under $30,000 for couples.

To schedule a counseling session, call toll-free (800) 510-0301.

National Family Caregiver Support Program

Through Title III of the Older Americans Act, the National Family Caregiver Support Program (NFCSP) provides direct help to eligible family and informal caregivers. In southwestern Ohio, Council on Aging combines resources from NFCSP with other local programs to provide assistance to as many caregivers as possible.

Types of assistance that may be provided through this program include:

1. Information to caregivers about available services
2. Assistance to caregivers in gaining access to services
3. Counseling/Education/Training
4. Respite care*
5. Supplemental services -- additional services and supports needed to help people stay independent in their homes (limited)*

*The care recipient must meet specific criteria.

**Eligibility**

1. Family caregivers (of any age), of a person with Alzheimer’s disease or a related dementia may be served regardless of the age of the person with dementia
2. Grandparents and other relative caregivers providing care to children (under age 18 years) may receive services at 55 years of age and older
3. Grandparent or relative caregivers (age 55 and older) who provide care for adult children (ages 19–59) with a disability

For more information, call Council on Aging at (513) 721-1025.

National Healthcare Decisions Day

Area(s) Served: Nationwide

Description:
This website provides access to helpful information and forms to help individuals and families in planning for their healthcare needs and wishes.

Mission
National Healthcare Decisions Day (NHDD) exists to inspire, educate and empower the public and providers about the importance of advance care planning. NHDD is an initiative to encourage patients to express their wishes regarding healthcare and for providers and facilities to respect those wishes, whatever they may be.

Overview
NHDD exists as a 50-state annual initiative to provide clear, concise, and consistent information on healthcare decision-making to both the public and providers/facilities through the widespread availability and dissemination of simple, free, and uniform tools (not just forms) to guide the process. NHDD entails 50 independent, but coordinated, state and local events (necessitated by the difference in state laws and dynamics) supported by a national media and public education campaign.

In all respects, NHDD is inclusive and brings a variety of players in the larger healthcare/legal/religious community together to work on a common project, to the benefit of patients, families, and providers. NHDD is not prescriptive; it allows for and fosters creativity.

A key goal of NHDD is to demystify healthcare decision-making and make the topic of advance care planning inescapable. On NHDD, no one in the U.S. should be able to open a paper, watch TV, view the internet, see a physician or lawyer, or go to a healthcare facility without being confronted with the topic of advance care planning. Among other things, NHDD helps people understand that advance healthcare decision-making includes much more than living wills; it is a process that should focus first on conversation and choosing an agent.

Vision
Across the country, every healthcare facility will participate as the flagship venues for the public engagement. Other participating organizations/facilities that have their own physical spaces will engage in activities as well. Those organizations that lack physical spaces will work in conjunction with others or at non-healthcare venues (libraries, grocery stores, drug stores, etc.) to support the initiative. A variety of churches, synagogues, and mosques around the country will also support the effort by highlighting the importance of advance care planning with their congregations.

National Heart, Lung, and Blood Institute (NHLBI)

P.O. Box 30105
Bethesda MD 20824-0105

Area(s) Served: Nationwide

Description:
The National Heart, Lung, and Blood Institute (NHLBI) provides global leadership for a research, training, and education program to promote the prevention and treatment of heart, lung, and blood diseases and enhance the health of all individuals so that they can live longer and more fulfilling lives.

The NHLBI stimulates basic discoveries about the causes of disease, enables the translation of basic discoveries into clinical practice, fosters training and mentoring of emerging scientists and physicians, and communicates research advances to the public. It creates and supports a robust, collaborative research infrastructure in partnership with private and public organizations, including academic institutions, industry, and other government agencies. The Institute collaborates with patients, families, health care professionals, scientists, professional societies, patient advocacy groups, community organizations, and the media to promote the application of research results and leverage resources to address public health needs. The NHLBI also collaborates with international organizations to help reduce the burden of heart, lung, and blood diseases worldwide.

Description:

The National Highway Traffic Safety Administration (NHTSA), under the U.S. Department of Transportation, was established by the Highway Safety Act of 1970, as the successor to the National Highway Safety Bureau, to carry out safety programs under the National Traffic and Motor Vehicle Safety Act of 1966 and the Highway Safety Act of 1966. The Vehicle Safety Act has subsequently been recodified under Title 49 of the U. S. Code in Chapter 301, Motor Vehicle Safety. NHTSA also carries out consumer programs established by the Motor Vehicle Information and Cost Savings Act of 1972, which has been recodified in various Chapters under Title 49.

NHTSA is responsible for reducing deaths, injuries and economic losses resulting from motor vehicle crashes. This is accomplished by setting and enforcing safety performance standards for motor vehicles and motor vehicle equipment, and through grants to state and local governments to enable them to conduct effective local highway safety programs.

NHTSA investigates safety defects in motor vehicles, sets and enforces fuel economy standards, helps states and local communities reduce the threat of drunk drivers, promotes the use of safety belts, child safety seats and air bags, investigates odometer fraud, establishes and enforces vehicle anti-theft regulations and provides consumer information on motor vehicle safety topics.

NHTSA also conducts research on driver behavior and traffic safety, to develop the most efficient and effective means of bringing about safety improvements.

Description:

Older road users include drivers, passengers, pedestrians, bicyclists, and motorcyclists. NHTSA’s mission with respect to older road users is to keep them safely mobile through programs directed toward reducing traffic-related injuries and fatalities among older people. Through research and outreach activities, NHTSAs programs help aging individuals recognize their changing abilities and adapt their transportation practices appropriately. Whether driving, walking or cycling, if unsafe choices are made, family, friends, physicians, other health-care providers, and licensing officials can be pivotal in providing older persons with options for maintaining safe mobility. These individuals can also identify drivers with functional limitations that impair driving performance and direct older drivers to safer transportation alternatives

Office for Families and Children
4200 E. Fifth Avenue
Columbus OH 43219

Area(s) Served:
Statewide

Description:
The Office of Families and Children is responsible for state level administration and oversight of programs that prevent child abuse and neglect; provide services to abused/neglected children and their families (birth, foster and adoptive); license foster homes and residential facilities; license child care homes and facilities; and investigate allegations of adult abuse, neglect and exploitation.
Ohio operates in a state supervised, county administered system; therefore, the Ohio Department of Job and Family Services, through the Office of Families and Children, oversees program implementation by developing policies and procedures to guide county agencies in program and service delivery. The Office of Families and Children provides technical assistance to county agencies and we monitor program implementation for compliance with federal and state laws, rules and policies.

Child welfare services (e.g. child protection, foster and kinship care, adoption, independent living) are provided by 88 public children services agencies which provide direct services to children and families. The public children services agencies were created by Ohio law and the structure of each is determined at the local level. Fifty-five (55) public children services agencies are located within the administrative body of the county departments of job and family services and 33 are separate children services boards.

Child care and adult protective services are provided by the county departments of job and family services, which were also created in Ohio law.

**Ohio AIDS/HIV/STD Hotline**

Area(s) Served:  
Statewide

**Description:**  
Columbus AIDS Task Force has operated the statewide Ohio AIDS/HIV/STD Hotline since 1988. The Hotline offers an opportunity for callers to explore personal HIV, STI and Hepatitis risk behavior, ask questions and/or seek out resources, privately and anonymously. Anonymity is guaranteed so callers feel free to explore the potential impact of HIV, STIs and Hepatitis on their lives. Hotline operators provide callers with up-to-date and accurate information about many topics including transmission, prevention methods, and testing. Each caller receives individualized attention and the Hotline provides immediate, reliable responses to persons of all ages, nationalities, ethnic groups, and economic status.

The statewide Hotline is also a resource for persons living with HIV/AIDS, and acts as an information and referral service to Ohio residents. It is the largest provider of HIV/AIDS referral information in the state. This includes referrals to counseling and testing sites (CTSs), local health departments and task forces, mental health facilities, medical, legal and dental practitioners, etc.

For individuals with communication disabilities contact the Ohio Relay Service at (800) 750-0750.

The Hotline is staffed by trained volunteers and CATF Prevention and Education staff and operates five days a week: Monday thru

Ohio's Office of the State Long-term Care Ombudsman advocates for people receiving home care, assisted living and nursing home care. Paid and volunteer staff work to resolve complaints about services, help people select a provider and offer information about benefits and consumer rights.

Ombudsmen do not policy nursing homes and home health agencies. Instead, they work with providers, residents, their families and other representatives to resolve problems and concerns. Ombudsmen advocate a person-centered approach to meeting the needs and honoring the preferences of their clients. Ombudsmen link residents with services or agencies, offer advice on selecting long-term care providers, inform consumers about their rights and provide information and assistance with benefits and insurance.

Ohio Long-term Care Consumer Guide

The Long-Term Care Consumer Guide provides information about nursing homes and assisted living facilities to help consumers, family members and professionals search for the appropriate facility to meet an individual’s needs. If you have determined that you need to move to a nursing or assisted living facility, you can start to compare facilities by using the Ohio Long-Term Care Consumer Guide.

For personalized assistance with long-term care options, please contact the long-term care ombudsman program at 1-800-282-1206.

Ohio's Office of the State Long-term Care Ombudsman advocates for people receiving home care, assisted living and nursing home care. Paid and volunteer staff work to resolve complaints about services, help people select a provider and offer information about benefits and consumer rights.

Ombudsmen do not policy nursing homes and home health agencies. Instead, they work with providers, residents, their families and other representatives to resolve problems and concerns. Ombudsmen advocate a person-centered approach to meeting the needs and honoring the preferences of their clients. Ombudsmen link residents with services or agencies, offer advice on selecting long-term care providers, inform consumers about their rights and provide information and assistance with benefits and insurance.

Ohio Long-term Care Consumer Guide

The Long-Term Care Consumer Guide provides information about nursing homes and assisted living facilities to help consumers, family members and professionals search for the appropriate facility to meet an individual’s needs. If you have determined that you need to move to a nursing or assisted living facility, you can start to compare facilities by using the Ohio Long-Term Care Consumer Guide.

For personalized assistance with long-term care options, please contact the long-term care ombudsman program at 1-800-282-1206.

The Golden Buckeye Card

Golden Buckeye is a discount card available for residents of Ohio, age 60 years and older and adults 18-59 with permanent and total disabilities. The program offers discounts on meals, entertainment, merchandise, and services at participating businesses throughout the state. Look for businesses that display a "Golden Buckeye Honored Here" window decal. There are nearly 20,000 participating merchants statewide.

Seniors who have an Ohio driver’s license, an Ohio ID card or are registered to vote will automatically be sent a card in the mail when they reach age 60. The packet will have information on how to use the Golden Buckeye Card. If you do not receive the Golden Buckeye Card when you become eligible, you can pick up a Golden Buckeye application at a local senior center or your local branch library.

Ohio veterans of all eras have earned a number of federal and state benefits. Veterans may qualify for a number of other benefits ranging from health care, compensation for injuries and illness, home loans and education to direct financial assistance, special license plates and the Ohio Veterans Homes. Please visit your county veteran’s service office and find out what you’re eligible for. For more information, call 1-877-OHIO VET (1-877-644-6838), or visit [www.dvs.ohio.gov](http://www.dvs.ohio.gov).

Veterans can receive various levels of nursing home benefits, depending on the nature of disability or illness.

- Those with service-connected disabilities or illnesses get first priority and the care is free. Care can be received in a Veterans Affairs (VA) facility or a private nursing home at VA expense.
- Veterans with disabilities or illnesses which are not connected to armed service can receive care in a VA facility if space and resources permit. Those with a specific income level must pay a deductible and a co-payment.

Veterans’ health benefits are subject to change. For more information contact your local VA office or medical center by calling 800-827-1000.

Description:

Ohio SMP Is Seeking Volunteers

Did you know that one out of every seven Medicare dollars goes to fraud, waste and abuse? That Medicare fraud, waste and abuse cost you $13 billion?

To help address this national problem, Pro Seniors receives funding from the Administration on Aging for a Senior Medicare Patrol Project. Named Ohio SMP this project helps older Americans be wiser health care consumers. Seniors are taught to better understand their Medicare statements so they can detect potential fraud and errors and then take the appropriate steps to correct them.

At the heart of Ohio SMP are volunteers who are often retirees. They educate groups of older Americans about illegitimate Medicare practices or provide individual assistance to those questioning the accuracy of their statements. Presentations may be offered in the volunteer’s own community at churches, retired professional organizations, social groups and other locations where seniors gather. Project staff is also available to assist in coordinating presentations. In addition to the Administration on Aging, Ohio SMP has received strong support from the Council on Aging of Southwestern Ohio.

Anyone interested in volunteering may contact Jane Winkler at (513) 458-5523.

Statewide

Description:

The Ohio State Medical Board is the state agency that administers Ohio’s regulatory laws for medical doctors (MDs), doctors of osteopathic medicine (DOS), doctors of podiatric medicine (DPMs), physician assistants (PAs), massage therapists (MTs), cosmetic therapists (CTs), anesthesiology assistants (AAs) and acupuncturists.

Each year, the OSMB receives over 4,000 complaints. Many times, the complaints turn out to be simple misunderstandings between the health care provider and the patient or the patient’s family that can be resolved without the intervention of the OSMB or other
agency. You can help yourself be a smart healthcare consumer by considering the following suggestions:

- Discuss your concerns with your healthcare provider
- Ask about the practitioner’s fee when scheduling an appointment
- Understand your insurance policy
- Check with your insurance carrier to be sure that your physician is an approved provider for the insurance plan

You may file a complaint by mail or by telephone. The OSMB will answer any questions you may have about whether the board can handle your complaint. If the OSMB cannot handle your complaint, you may be referred to another agency.

**Prevention, Retention and Contingency (PRC)**

**Area(s) Served:**  
Statewide

**Description:**

The PRC program, also part of TANF, was established in Ohio to help families overcome immediate barriers to achieving or maintaining self-sufficiency. The program:

- Prevents families from having to apply for cash assistance when a crisis arises.
- Helps families retain employment by enhancing job skills, overcoming barriers and providing short-term assistance or wage
supplementation if necessary.

- Helps families with one-time problems that could, if left unattended, result in families needing long term public assistance.
- Helps families on cash assistance to become self-sufficient.

The PRC program is administered by county Departments of Job and Family Services. Examples of short-term help include: temporary cash assistance; housing, rent and utility assistance; transportation assistance; wage subsidy; education and training programs; counseling and other services available to unemployed families.

To apply for child support or PRC programs, contact your Department of Job and Family Services.

More about Pro Seniors

Founded in 1975, Pro Seniors is a non-profit organization that provides free legal and long-term care help to older adults. Pro Seniors offers Ohio residents age 60 and older the advice and information they need to solve their legal and nursing home, adult care facility, and home health care problems.

The Pro Seniors Mission

Pro Seniors is dedicated to helping older adults maintain their independence by empowering them, by protecting their interests, and by helping them access resources.

What Pro Seniors Offers

Pro Seniors Legal Hotline serves the State of Ohio. By calling the Pro Seniors Legal Hotline, Ohio residents age 60 or older can receive free assistance over the telephone with a variety of legal or long-term care problems. In Greater Cincinnati, the number to call is (513) 345-4160. In other parts of Ohio, call (800) 488-6070. Find more information on the Legal Hotline by selecting the Legal Hotline link.

Legal Help

If you have a legal problem that cannot be resolved over the telephone, the Legal Hotline may refer you to a Pro Seniors staff attorney if you live in Butler, Clermont, Clinton, Hamilton or Warren County. Pro Seniors’ staff attorneys handle problems that many private attorneys do not, such as Medicare, Medicaid, Social Security, other government benefits and pensions. The Legal Hotline may also refer you to a private attorney who has agreed to accept cases at a reduced fee for clients with limited income.

Legal Information Pamphlets

Pro Seniors provides pamphlets on a variety of subjects, from Medicare and Medicaid to consumer fraud and food stamps. You can find a complete list by selecting the Pamphlets link.

Long-term Care Ombudsmen

If you have a complaint about a nursing home, Pro Seniors can help. The long-term care ombudsmen will investigate and work with you to resolve your concerns about nursing facilities in Butler, Clermont, Clinton, Hamilton, and Warren counties. Pro Seniors ombudsmen also handle complaints about home care and adult care facilities. You can find more information about the Ombudsman program by selecting the Ombudsman link. The Ombudsman can also help you choose the right care facility to meet your needs.

Volunteer Opportunities

If you are interested in assisting older people and have a few free hours each week, Pro Seniors offers a variety of volunteer opportunities. For more information about our volunteer Ombudsman Program, select the Ombudsman link. If you are concerned about fraud and waste in the health care system, select the Ohio Seniors Fight Fraud link to learn more about volunteering for this project. If you are an attorney, you can assist callers to the Legal Hotline or conduct legal research. Paralegals can provide valuable support to our legal staff. Volunteers also are needed to assist staff with mailings and other office projects.

Description:
Launched in February 2003, Ready is a national public service advertising (PSA) campaign designed to educate and empower Americans to prepare for and respond to emergencies including natural and man-made disasters. The goal of the campaign is to get the public involved and ultimately to increase the level of basic preparedness across the nation.

Ready and its Spanish language version Listo ask individuals to do three key things: (1) build an emergency supply kit, (2) make a family emergency plan and (3) be informed about the different types of emergencies that could occur and their appropriate responses.

The campaign’s messages have been distributed through: television, radio, print, outdoor and Web (PSAs) developed and produced by The Advertising Council; brochures; www.Ready.gov and www.Listo.gov Web sites; toll-free phone lines 1-800-BE-Ready and 1-888-SE-Listo; and partnerships with a wide variety of public and private sector organizations.

The Federal Emergency Management Agency (FEMA) has worked with a variety of public and private sector organizations, including the American Red Cross, the National Organization on Disability and the National Fire Protection Association to create emergency information for seniors and Americans with disabilities and special needs. Materials developed for these specific Americans include brochures and instructional videos available at Ready.gov's publications page.

**Phone:** (513) 347-5440

**Contracted Provider:** Not Applicable

**Description:**

The connection between music-making and wellness goes back to ancient times. In 2004 a group of scientists led by neurologist Dr. Barry Bittman, set out to determine whether recreational music-making activities could lower stress levels and stress-induced conditions such as heart disease and cancer. The research team discovered that participating in such activities not only lowered participants’ stress levels and helped them relax, they also built confidence and self-esteem. Recreational music making programs have been particularly effective among older adults in settings such as nursing homes, adult day centers and senior centers.

Clavinova Connection is local example of a recreational music making program that are seniors may choose to get involved in.

**Clavinova Connection**

If you’ve always wanted to play piano, but don’t have any musical experience, Clavinova Connection maybe for you! Clavinova Connection is a nationally-recognized program that uses digital pianos and a special curriculum to help help people with no prior experience successfully play their favorite musical selections, while at the same time reducing loneliness and stress, and boosting creativity. Participants do not need to have any musical experience or knowledge to participate. Clavinova Connection is the first recreational music-making program offered to seniors in Ohio, as well as the first nationally to be used by a Council on Aging.

**Clavinova Connection is currently available at the following locations:**

- Bailey Place and Eldermount Adult Day Program -- Contact Kathy Baker at (513) 347-5440
- Colerain Township Senior and Community Center -- Contact Kandi Marshall at (513) 741-8802

**Description:**

What is the Rescue Bank Program?  
Rescue Bank is a signature program of GreaterGood.org, an international non-profit that benefits People, Pets, and the Planet.

Rescue Bank provides grants to the animal rescue community in the form of donated pet food, delivered through our network of regional affiliates. We pay to ship the products directly from the donor to the affiliate’s warehouse. Affiliates then distribute these grants to pre-qualified recipients based on demonstrated need and verified census. Pet food grants allow rescue organizations to transfer part of their food budget to much-needed services such as spay/neuter, vet services, facility maintenance or improvement, adoption events, etc.

GreaterGood.org supports many other animal welfare programs, such as Rescue ReBuild, A Shot at Life, and One Picture Saves a Life. Please visit their website for more details on how GreaterGood.org supports rescue groups worldwide.

Having difficulties paying your mortgage? Call the Save the Dream Ohio Hotline at 888-404-4674. Save the Dream Ohio will connect you with resources in your area who can offer you counseling assistance during this difficult time. Homeowners may check the status of a previously submitted application by visiting www.SavetheDream.ohio.gov or calling 888-404-4674.

Save the Dream Ohio began in 2008 as a multi-agency foreclosure prevention outreach initiative involving partners from state government, nonprofit housing counseling agencies, and legal aid organizations. The Save the Dream Ohio hotline, 888-404-4674, now administered by the Ohio Housing Finance Agency, connects financially distressed homeowners with HUD-approved housing counseling agencies that help families avoid foreclosure through programs such as the Hardest Hit Fund and Making Home Affordable.

The Ohio Housing Finance Agency provides funds from the U.S. Department of the Treasury and NeighborWorks America to local housing counseling agencies so they may assist homeowners in applying for assistance from Save the Dream Ohio (Hardest Hit Fund) or Making Home Affordable.

Description:
Since 1968, Shriners Hospitals for Children — Cincinnati has been delivering expert and life-changing care to children and families with pediatric burns, pediatric plastic surgery needs, and complex wound and skin conditions. Shriners Hospitals for Children — Cincinnati is a top choice destination because of its expertise in treating these conditions.

Everything we do is designed to make children and their families feel at home. Our family-centered, comprehensive care is focused to meet the physical, functional, cosmetic, and social needs of our patients and families.

Our hospital staff is a team of experts. We walk with the children and their families through their experience and every aspect of their care. We call this Love to the rescue.

Shriners Hospitals for Children — Cincinnati is one of only four freestanding hospitals in the country dedicated to the treatment of pediatric burns and specializing in plastic and reconstructive surgery. Our physicians’ experience and expertise in pediatric burn treatment, cleft lip and palate, complex wound and skin conditions, and plastic and reconstructive surgery makes Shriners Hospitals for Children — Cincinnati a first choice for care.

Sight for Students
Area(s) Served:
Nationwide
Description:
Sight for Students gift certificates are distributed through a network of community partners. Families can locate partners in their area
using the “Find a Partner” search feature on their Web site. The partner will determine if a child meets the eligibility requirements of the program, which are:

- The family’s income is no more than 200% of the federal poverty level.
- The child is not enrolled in Medicaid or other vision insurance.
- The child is 18 years or younger and has not graduated from high school.
- The child or parent is a U.S. citizen or legal immigrant with a social security number.
- The child has not used the Sight for Students program during the past 12 months.

If a child is eligible, the community partner will issue a Sight for Students gift certificate along with a list of VSP doctors in the area. All VSP doctors accept Sight for Student gift certificates, so the family can pick the doctor that’s right for the child.

Description:
The Social Security Act was signed into law by President Roosevelt on August 14, 1935. In addition to several provisions for general welfare, the new Act created a social insurance program designed to pay retired workers age 65 or older a continuing income after retirement.

The tops services offered by the Social Security Administration:
- Get or replace a Social Security card
- Apply online for retirement benefits
- Apply online for disability benefits
- Apply online for Medicare
- Apply for SSI, survivors or family benefits
- Estimate your retirement benefits
- Get Extra Help with Medicare prescription drug costs
- Locate a Social Security office
- Glossary of Social Security Terms

How to contact Social Security.

For Medicare recipients, Social Security can help with:
- Medicare eligibility and enrollment
- Replacing a Medicare card
- Changing your address for Medicare
- Questions on Medicare premiums

Reporting Social Security Fraud
If you suspect Social Security fraud, contact the Office of Inspector General (OIG) using one of the following methods:
- Use the online Fraud Reporting form;
- Call the Fraud Hotline number at 1-800-269-0271 (TTY 1-866-501-2101) between 10 a.m. to 4 p.m., Monday through Friday;
- Send a fax: 410-597-0118 (standard long distance rates may apply); or
- Write to: Social Security OIG Hotline
  P.O. Box 17785
  Baltimore, Maryland 21235-7785.

Social Security’s Office of Inspector General takes reports of fraud very seriously. Without sufficient identifying information, OIG will be unable to act on your allegation. Therefore, be sure to include as much of the following information as you can when you call:
- Name, address, telephone number, and Social Security number of the person suspected of fraud. Also include the individual’s date and place of birth, father’s name, and mother’s birth name, if known;
- A complete description of the potential fraud incident; and
- Your name, address, and telephone number.

Disability under Social Security is based on your inability to work. You will be considered disabled if you cannot do work you did before and Social Security decides that you cannot adjust to other work because of your medical condition(s). Your disability also must last, or be expected to last, for at least a year or to result eventually in death. This is a strict definition of disability.

The program assumes that working families have access to other resources to provide support during periods of short-term disabilities, including workers’ compensation, insurance, savings and investments. You should apply at any Social Security office as soon as you become disabled.

You may file by phone, mail or by visiting the nearest office. Note that, while you may receive benefits dating back to the date you became disabled, they are limited to one year before the date you filed for benefits.

The Social Security and Supplemental Security Income disability programs are the largest of several Federal programs that provide assistance to people with disabilities. While these two programs are different in many ways, both are administered by the Social Security Administration and only individuals who have a disability and meet medical criteria may qualify for benefits under either program.

1. Social Security Disability Insurance (http://www.ssa.gov/dibplan/index.htm) pays benefits to you and certain members of your family if you are “insured,” meaning that you worked long enough and paid Social Security taxes.

When you apply for either program, SSA will collect medical and other information from you and make a decision about whether or not you meet Social Security’s definition of disability (http://www.ssa.gov/dibplan/dqualify4.htm).

Use the Benefits Eligibility Screening Tool (http://www.ssa.gov/best) to find out which programs may be able to pay you benefits.

If your application has recently been denied, the Internet Appeal (http://www.socialsecurity.gov/disability/appeal) is a starting point to request a review of our decision about your eligibility for disability benefits.

Edyth & Carl Lindner Choice Food Pantry
For those requesting assistance with food, the Edyth & Carl Lindner Choice Food Pantry is open every Tuesday, Friday and Saturday 10 a.m. to noon at our West End Office at 1125 Bank Street. Those living in the following zip codes are welcome to come: 45202, 45203, 45214, 45219, 45225, 45229, 45232. For those living outside the zip code range, please call (513) 421-0602 to locate a food pantry in your area.

Please bring the following documentation with you:

1. Picture ID, Social Security Cards or a printout for the entire household.
2. Proof of address, for example a recent utility bill or any piece of mail with your name and address on it, postmarked within the last 30 days.

Homelessness Prevention
St. Vincent de Paul’s help is diverse and far-reaching, but it begins in prevention. For those living paycheck to paycheck an unexpected expense such as a car repair or a child’s medical bill can set the whole household over budget. Often a small investment to help with a rent or utility bill will save a family from eviction or having water or electricity turned off and ultimately catches them before they become homeless.

Adolescent Substance Abuse Outpatient
Adolescent Substance Abuse Outpatient is a non-residential treatment program providing assessment and treatment for adolescents (ages 12-17) whose primary diagnosis is a substance use disorder. Services include individual and family counseling, group counseling and case management.

Adult Substance Abuse Services
This program provides comprehensive chemical dependency assessment and treatment options to men and women who are best served in an outpatient setting. Services include individual and group counseling, intensive outpatient group services, continuing care, and random drug testing. Supportive services may include family and culturally specific counseling, employment readiness, and referrals to other needed services. Adult Services also provides outpatient services to clients dually diagnosed with mental illness and substance abuse issues and housing case management to clients in the Shelter Plus Care Program. (See the Hamilton County Court Guide as a PDF)

Alcohol and Drug Addiction Partnership Treatment (ADAPT) for Men and Women
The comprehensive residential and outpatient program provides assessment, treatment, and reintegration services for drug and alcohol addicted adults charged with drug-driven felony offenses through the Hamilton County Drug Court. Services include chemical dependency education and treatment, criminality/behavior modification, frequent and random drug testing, vocational/educational services, family counseling, and a variety of supportive services. This program is offered through a partnership between Talbert House, Central Community Health Board, First Step Home, and Prospect House. (See this program’s FAQ's as a PDF)

Alternatives
Alternatives is a treatment program providing assessment and treatment exclusively for adolescent males ages 12-17. The goal is to provide gender-specific treatment for adolescent males by using a cognitive-behavioral approach to address issues of substance abuse, criminality, victimization, grief, anger, and family dysfunction. Alternatives offers residential care, intensive outpatient, aftercare, and drug education groups.

The Bridge
The Bridge is a residential facility designed to provide assessment, treatment, and reintegration programming to adolescent males ages 12-17 experiencing difficulty with daily functioning due to mental/behavioral health issues. The program is dedicated to providing the highest quality service in the least restrictive environment possible. Services include individual, group, and family therapy. In addition, psychiatric and nursing services are available to each client.

Brown County Recovery Services
Brown County Recovery Services offers a broad range of substance abuse services and mental health assessment, treatment, and prevention services to the children, adolescents, adults, and families of Brown County and surrounding areas. The program works in collaboration with the educational and criminal justice systems, the county Department of Job and Family Services, and the medical community to provide individualized services and promote healthy behaviors and improve life skills within families, schools and the community.

Community Correctional Center (CCC)
A Community Based Correctional Facility (CBF) located in Warren County, CCC has provided residential assessment, treatment, and reintegration programming for adult male felony offenders from Butler, Clermont, and Warren Counties since 1995.

Community Link
Community Link is a welfare-to-work program that provides coordinated services to Ohio Works First (OWF) recipients in order to facilitate their transition to work placement and self-sufficiency. Community Link is a collaboration of the following agencies: Talbert House, Easter Seals Work Resource Center, Recovery Link Inc. and the Alcoholism Council. Other agencies working with the collaboration are Jewish Vocational Services, Crossroads and Greater Cincinnati Behavioral Health.

Cornerstone
Cornerstone is a community corrections program for federal and state offenders that offers assessment, treatment, and reintegration for adult male ex-offenders in a residential setting. Services include case management, chemical dependency treatment, criminality/behavior modification, restitution and child support, frequent and random drug testing, education, employment readiness, verified and monitored community employment, and a variety of supportive activities.
Day Reporting
This community corrections program provides treatment and reintegration services to Hamilton County probationers. Using a cognitive-behavioral approach, the program ensures a high level of accountability through targeted interventions. The program is a partnership with the Hamilton County Courts. Services are coordinated through a treatment team that include monitoring, daily reporting, substance abuse treatment, random drug screens, risk/needs assessment, and life skills training. Job search assistance, educational services and financial management services are available.

Driver Intervention Program (DIP)
Certified by the Ohio Department of Alcohol and Drug Addiction Services (ODADAS), DIP provides prevention and assessment within a jail alternative setting for first-time DUI offenders in the state of Ohio. The program is designed to reduce the likelihood of repeated DUI behavior and runs every weekend, Thursday evening through Sunday afternoon. A 48-hour adolescent program is scheduled four to six times per year, and women’s weekends are held 10 times per year. Services include alcohol and drug education, traffic safety, and referral. Bilingual counselors and materials are also available for Spanish and Russian-speaking clients.

Extended Treatment
Certified by the Ohio Department of Alcohol and Drug Addiction Services (ODADAS), DIP provides prevention and assessment within a jail alternative setting for first-time DUI offenders in the state of Ohio. The program is designed to reduce the likelihood of repeated DUI behavior and runs every weekend, Thursday evening through Sunday afternoon. A 48-hour adolescent program is scheduled four to six times per year, and women’s weekends are held 10 times per year. Services include alcohol and drug education, traffic safety, and referral. Bilingual counselors and materials are also available for Spanish and Russian-speaking clients.

This jail-based, chemical dependency program provides substance abuse assessment, treatment, and reintegration for adult misdemeanant men sentenced by the Hamilton County Courts. Services include counseling, continuing care, criminality programming, employment readiness, and life skills development with specialty tracks for anger management, relapse prevention, assaultive behavior/domestic violence, criminality/behavior modification, and family issues.

Fatherhood Project
This program assists men in their efforts to become the responsible, committed and nurturing fathers they want to be. Fatherhood Project helps dads strengthen their connection and involvement in the lives of their children by providing classes, coaching and fellowship support meetings. Click here to check out how other organizations are supporting the Fatherhood Program.

Inter-Agency School Crisis Team
The Inter-Agency School Crisis Team is trained to respond to crisis situations and have experience in dealing with children, adolescents and school staff. The team’s mission is to help schools respond effectively during times of crises. This service is provided through a collaboration between Talbert House, Centerpoint Health, Central Clinic, Red Cross, and Cincinnati Children’s Hospital and Medical Center. For immediate assistance, call 513-281-2273. (See Talbert House tips for helping children cope with crisis as a PDF)

Jail Intervention for Men
Jail Intervention for Men (JIM) is a program for incarcerated men with interpersonal violence or drug-related charges. Services offered include assessment, counseling for criminal thinking and behavior, anger management, alcohol and drug abuse education, relationships, life skills development and reentry planning.

Mental Health Court Day Reporting
This program provides treatment and reintegration as an alternative to incarceration for Hamilton County residents with a mental health diagnosis. The program is a collaboration between the Mental Health Court Team, Crossroads Center and Greater Cincinnati Behavioral Health. Using a cognitive behavior approach, services include monitoring, daily reporting, case management, drug testing, risk/needs assessment and life skills training. Job search assistance, educational services and financial management services are available.

Parkway Center
Parkway Center is a shelter that works with homeless men with substance abuse and mental health issues to provide emergency shelter and social services that help clients solve many of the problems that have left them with no place to call home.

Passages
Passages is a residential facility serving adolescent females ages 12-17 referred primarily by the Hamilton County Juvenile Court. The program uses gender-responsive techniques to provide assessment, treatment, and reintegration by offering intensive case management services and family counseling for the youth and each family member. The program uses positive, strength-based interventions utilizing a rewards system and cognitive-behavioral therapy techniques. Services are provided where needed, such as in the facility, at the youth’s home, and in the community.

Pathways
For over 20 years, Pathways has served the community by providing assessment, treatment, and transition for adult female felons and misdemeanants in a residential setting followed by aftercare services. Gender-responsive services include community monitoring, cognitive-behavioral therapy, chemical dependency, and employment services.

Project PASS (Partnerships for Academic Success in Schools)
Project PASS is a mental health and substance abuse program providing assessment, prevention, education services, case
management and an overall support program for school-aged children and their parents through a partnership with schools. It provides flexible, unique and cost-effective support services promoting healthy functioning in schools, home and the community. Staff members address the social, emotional, and behavioral health needs of students and families. (See Talbert House Tips for Helping Children Cope with Crisis as a PDF)

**Project STEPS**
Project STEPS (Solutions That Empower Parents and Students) is a youth and family centered program made up of three programs; Family Peer Support, Project WRAP, and Cincy After School. Family Peer Support offers support to families with school age children experiencing behavioral difficulties or need support managing services or resources for their child or family. This partnership is provided through Talbert House and Beech Acres. (For more information, see the Family Peer Support Program brochure, as a PDF). Project WRAP develops and implements plans for children and their families who have very complex needs by promoting healthy functioning in school, home and the community. Cincy After School provides a quality experience through academic achievement opportunities, anti-drug/anti-violence programs, and other recreational and educational activities at Shroder High School.

**Recovery Halfway House**
This residential substance abuse program provides assessment, employment and chemical dependency services, and reintegration for drug-dependent and homeless men.

**Rewards Jail Intervention (RJI)**
RJI is a residential, jail-based, chemical dependency program for adult women referred by the Hamilton County Courts. RJI uses gender-responsive techniques to provide assessment, treatment, and reintegration with programming that includes education and intensive discharge planning by addressing matters of chemical dependency, mental health, prostitution, and criminality.

**Second Chance Reentry**
Second Chance Reentry is a community corrections program that offers adult non-violent ex-offenders in Hamilton County a full array of reintegration services to help them successfully return to the community, including job training, case management, social support, and mentoring. This partnership is between Talbert House and Urban League of Greater Cincinnati, Transformation Cincinnati/Northern Kentucky, Allen Temple, Dress for Success, and Ohio Justice and Policy Center.

**Section Road Center**
Second Chance is a Department of Justice/Hamilton County collaborative with Talbert House acting as the lead agency. The program serves men and women returning to Hamilton County communities from local jails. Clients are enrolled into the program for a minimum of six months. Services include pre and post release assessment, service planning, cognitive behavioral groups and individual sessions, case management, and employment services.

**Serenity Hall**
Located in Butler County, Serenity Hall is a community corrections program that provides assessment, treatment, and reintegration for adult males in a residential setting. Services available include case management, chemical dependency treatment, criminality/behavior modification, restitution and child support, frequent and random drug testing, education, employment readiness, verified and monitored community employment, and a variety of supportive activities.

**Substance Abuse Prevention**
This program targets the prevention of substance use and abuse among youth. The goals are to increase effective coping skills and to identify at-risk youth and link them to the appropriate treatment resources.

**Turning Point**
This chemical dependency community corrections program for Hamilton County provides assessment, treatment, and reintegration services in a residential setting for adult men convicted of a second or multiple DUI or alcohol and drug offenses. Services include orientation, assessment, educational sessions, individual, group and family counseling, a six-month Continuing Care Program, and other supportive activities.

**Turtle Creek Center (TCC)**
Located in Warren County, TCC provides assessment, treatment, and transitional services. Programming includes community monitoring, cognitive-behavioral groups, substance abuse treatment, employment services, as well as other specialized treatment services. Since 2003, TCC has served adult males in a residential halfway house setting serving 15 Southwestern Ohio counties.

**Union Day School**
Union Day School is an alternative school program for Butler County students who are experiencing serious emotional and behavioral challenges impacting academic success. The program provides three types of services: intensive school-based treatment, in-classroom support and outpatient clinic. This partnership is between Talbert House and Butler County Educational Service Center.

**Veteran’s Services**
Residential and outpatient substance abuse and mental health services are provided to Veterans in the Talbert House service area. Additional programming includes the Fatherhood Project and transitional housing for homeless veterans. These services are tailored to ensure the success of veterans as they reintegrate back into the community after their service to our country.

**Warren Outpatient Services**
Warren Outpatient Services offers accessible and affordable substance abuse treatment including assessment, group and individual counseling to adults and adolescents, so that they can regain control of their lives. The program also provides services for those who have been dually diagnosed with substance abuse and mental illness. Warren Outpatient serves adolescent and adult residents of Warren and Clinton counties. [Click here to read more about Warren Outpatient Services.](#)

### The Joseph House

1526 Republic Street  
Cincinnati OH 45202

**Area(s) Served:**  
Butler County,  
Warren County,  
Clermont County,  
Clinton County,  
Hamilton County

**Description:**

Joseph House’s mission is to meet the needs of the homeless veterans of our community. Services are available to men and women.

- Joseph House provides outreach to homeless veterans through its “Landing Zone” at 1526 Republic Street, and through collaboration with other agencies in the local HUD Continuum of Care.
- The Joseph House campus has the capacity to provide housing for up to 105 veterans.

Up to 36 of the residents participate in a treatment program certified by the Ohio Department of Alcohol and Drug Addiction Services. The treatment program involves daily group sessions, individual counseling and case management to help the resident know and resolve the issues that caused their homelessness.

Transitional housing in a safe, supportive, abstinence-based recovery environment is available after completion of the halfway house program. Residents are not put under the pressure of a clock. Residents working a recovery program may reside on campus for as long as they need to achieve economic stability and permanent housing. The Joseph House also provides permanent housing for disabled veterans who have completed our program, are in recovery, and need a long term safe and structured environment.

The American Society on Aging's LGBT Aging Issues Network (LAIN) works to raise awareness about the concerns of lesbian, gay, bisexual and transgender (LGBT) elders and about the unique barriers they encounter in gaining access to housing, healthcare, long-term care and other needed services. LAIN seeks to foster professional development, multidisciplinary research and wide-ranging dialogue on LGBT issues in the field of aging through publications, conferences, and cosponsored events. LAIN welcomes the participation of all concerned individuals regardless of age, sexual orientation or gender identity.

LGBT Aging Resources Clearinghouse
The LGBT Aging Resources Clearinghouse of the American Society on Aging opens the door to knowledge about lesbian, gay, bisexual, and transgender people ages 50-plus. Whether you're an elder, a young person, a caregiver, a student, a researcher, a policymaker, a journalist, or a helping professional, the clearinghouse offers you the keys to understanding and respect for LGBT elders.

The searchable resources on this site put a wealth of vital materials on LGBT aging at your fingertips. You'll find annotated listings for service providers, community and professional organizations, information sites, reports and articles, as well as links for ordering DVDs, books and other useful products.

Description:

The Access Board is an independent Federal agency devoted to accessibility for people with disabilities. Created in 1973 to ensure access to federally funded facilities, the Board is now a leading source of information on accessible design. The Board develops and maintains design criteria for the built environment, transit vehicles, telecommunications equipment, and for electronic and information technology. It also provides technical assistance and training on these requirements and on accessible design and continues to enforce accessibility standards that cover federally funded facilities.

The Board is structured to function as a coordinating body among Federal agencies and to directly represent the public, particularly people with disabilities. Half of its members are representatives from most of the Federal departments. The other half is comprised of members of the public appointed by the President, a majority of whom must have a disability.

Survivor Benefits

If the deceased was receiving monthly payments you will need to notify the VA of the death.

If the deceased was a veteran who received a discharge other than dishonorable, survivors may receive $300 toward funeral expenses and $150 for burial costs. Burial in a national cemetery is free to a veteran, spouse, and dependent children. Veterans are also eligible for a headstone or grave marker.

The surviving spouse and dependent children of disabled veterans may also be entitled to a lump sum death benefit; monthly payments, such as educational assistance; and medical care.

Check with the regional VA office about your eligibility for the different types of veteran`s benefits and the documents you will need to apply for benefits.

**Health Care Facilities, Benefits and Prescription coverage**

**To receive health care benefits, enroll with the VA. You can enroll for benefits at any time.**

Ohio veterans of all eras have earned a number of federal and state benefits. Veterans may qualify for a number of other benefits ranging from health care, compensation for injuries and illness, home loans and education to direct financial assistance, special license plates and the Ohio Veterans Homes. Please visit your county veteran`s service office and find out what you`re eligible for. For more information, call 1-877-OHIO VET (1-877-644-6838), or visit www.dvs.ohio.gov.

**CHAMPVA:** The Civilian Health and Medical Program of the Department of Veterans Affairs (CHAMPVA) is a comprehensive health care program in which the VA shares the cost of covered health care services and supplies with eligible beneficiaries. The program is administered by Health Administration Center, located in Denver, Colorado.

**Prescription coverage** is available for veterans with an honorable discharge. Must enroll with VA and be seen by VA doctor. Free prescriptions for low-income veterans.

**VA Hospitals and Clinics:** The U.S. Department of Veterans Affairs operates a network of health care facilities across the country.

Description:
Railroad Retirement beneficiaries, like Social Security beneficiaries, are entitled to health care including Medicare options. They do, however, have different ways of applying for these benefits. Retiree's do not have to take any action unless they are dissatisfied with their current coverage and wish to make a change. The Railroad Retirement Board acts in place of Social Security for its beneficiaries.

- Railroad retiree's receive a Medicare number through the Chicago Railroad Retirement Board Office, not Social Security.
- Part A claims for railroad retirement beneficiaries are sent to Medicare for reimbursement, just as they are for Social Security beneficiaries.
- Palmetto Government Benefits Administration now processes all Part B medical insurance claims for physicians' services to railroad retiree's.

Using Medications Safely

Medications are probably the single most important means that health care professionals have to help prevent illness, disability and death in the geriatric population. When used correctly, prescribed or over-the-counter medications can greatly improve the health and independence of older Americans.

Safety Tips for Using Medications At Home

• Use a medication box or other system to manage your daily medications.
• Ask your pharmacist for suggestions.
• Write out a medication schedule and keep it with your medications.
• Always drink plenty of water after swallowing a tablet or capsule.
• Sit or stand when swallowing medications. This prevents them from getting stuck in your throat.
• Do not crush medications until you check with your pharmacist.
• Never take medications prescribed for someone else.
• Never stop taking a medication without first consulting your physician.
• Keep medications out of the reach of children and memory-impaired persons.
• Store all medications in a cool, dry place. A closet may be preferable to a medicine cabinet.
• Discard outdated medications and those left over from a previous prescription.

At the Doctor’s Office and the Pharmacy:

Get clear instructions regarding your medications:

• Name of the medicine.
• Purpose: Why you are taking the medicine.
• Dose: How and when to take the medicine.
• Duration: How long to take the medicine.
• Effects: What results to expect from the medicine and what to do if the expected results do not occur.
• Side Effects: Possible side effects and what to do if side effects or unexpected reactions occur.
• Restrictions: What to avoid while taking the medication.

Other tips:

• Have all your prescriptions filled at one pharmacy, if possible so the pharmacist can check for drug interactions.
• Ask your pharmacist about generic medications, which may be equally effective as brand name, but less expensive.
• Ask your pharmacist about easy-open medication containers.
• Ask your pharmacist whether your medications can be delivered to your home.
• Ask your pharmacist for help selecting non-prescription medications.

**Vision USA**

**Area(s) Served:**
Nationwide

**Description:**
VISION USA provides free eye exams to eligible, low-income individuals. Services are donated by volunteer optometrists who are members of the American Optometric Association and may be limited in some areas.

You must work with a charitable organization, social worker, case worker, community health agency to submit an application. Applicants are to provide proof of household income for verification of income level eligibility.

Applicants must complete an application worksheet, including monthly financial information for all members of the household. Agency will verify that the financial information provided is accurate and that all eligibility requirements are met including income level.

If you are eligible to receive services, you will be matched with a volunteer doctor of optometry who will provide a comprehensive eye exam at no charge. The process is as follows:

- Your agency rep will receive an email notification on your behalf with the name of a volunteer doctor for you to contact directly to schedule an appointment for a no cost eye examination. A contact lens exam and / or contacts are not available through this program.
- Obtain a copy of the email notification from your case worker.
- Call the doctor within 45 days from the date of the email to schedule an appointment. Be sure to let the doctor’s office know you were given the doctor’s name through the VISION USA program.
- You are responsible for your own transportation and must be on time for your appointment to avoid scheduling conflicts.
- Contact the doctor’s office 48 hours in advance of the day of your appointment should you need to cancel or reschedule.
- Missed appointments will not be rescheduled and will further disqualify you from receiving free eye care. Appointment days and times are limited.

Warren County Adult Protective Services

Area(s) Served:
Warren County

Description:
The Warren County Department of Human Services is the mandated agency responsible for providing protective services for those adults sixty (60) years of age or older at risk of abuse, neglect, or exploitation. Any referral of an adult at risk will be investigated by the Adult Protective Service Worker. She will work with the adult, family and neighbors to reduce or eliminate any risk and arrange for services to assist the adult to remain safely in his/her home. Protective services such as casework, medical care, guardianship and legal services, food, clothing, and in-home care are utilized to prevent or reduce conditions causing endangerment to the older adult. If it is determined that the adult is incapacitated or unable to remain safely in his/her home, then the APS worker will work to determine the least restrictive setting and, if necessary, petition the probate court for assistance in protecting the adult.

If you would like more information on the Adult Protective Service Program, or if you wish to make a referral regarding an adult,
please contact the agency at 513-695-1423 or 513-695-1454. If it is after hours and it is an emergency, please contact the Warren County Sheriff Department at 513-695-1280.

Warren Metropolitan Housing Authority

990 East Ridge Road
Lebanon OH 45036

Area(s) Served: Warren County

Description:

The Warren Metropolitan Housing Authority (WMHA) is a non profit (pseudo-governmental) entity established primarily for the purpose of developing and / or operating affordable housing according to rules established by the state and HUD. WMHA as a public housing authority is established under state law and is eligible to develop and operate public housing.

WMHA public housing provides affordable shelter for low income families either citizens or eligible immigrants. WMHA public housing serves mostly very low-income tenants who pay no more than 30 percent of their adjusted income for rent.

WMHA also administers the tenant-based Section 8 program also known as the Housing Choice Voucher Program. This section 8 voucher program helps individuals and families by paying the landlord the difference between what the individual/family can afford and the actual rent for the unit. In this program payment is made to the landlord on behalf of the qualified person and is not tied to a specific subsidized housing project. This form of assistance is portable and stays with the qualified person in the form of a Section 8 certificate or voucher.

The Public Housing Program

A waiting list is often in place at WMHA for public housing therefore applicants are encouraged to check the waiting list status on a regular basis.

There are a reported 207 units owned and operated by Warren Metropolitan Housing Authority. Sites for such public housing include locations in Middletown, Franklin, Lebanon, and South Lebanon Ohio.

The Housing Choice Voucher Program

This is a tenant-based Section 8 program. The section 8 rental voucher helps individuals and families by paying the landlord the difference between what the individual/family can afford and the actual rent for the unit.

In this program the qualified household has the responsibility of finding their own housing to rent. Which may include single family homes, townhouses, apartments, duplexes and mobile homes. The program participant can choose any housing that meets the requirements of the program. Such housing is not limited to units located in subsidized housing projects.

A housing subsidy is paid to the landlord directly by the public housing authority on behalf of the participating individual or family. The individual or family then pays the difference between the actual rent charged by the landlord and the amount subsidized by the
program. This form of assistance is portable and stays with the qualified person in the form of a Section 8 certificate or voucher allowing the qualified person to move without loss of housing assistance.

**West Chester Senior Van Service**

9113 Cincinnati-Dayton Rd.  
West Chester OH 45069

**Area(s) Served:**  
Butler County

**Description:**
West Chester’s Senior Van Service is operated solely by volunteers. The Senior Van Service provides citizens of West Chester with
transportation services to doctor’s appointments, the grocery store, and other appointments. There are two passenger vans available, one of which is handicapped equipped. This is a joint venture between West Chester Township and Partners in Prime. The service guidelines are as follows:

**ELIGIBILITY**

Anyone older than 60 years of age or handicapped adults younger than 60 if confined to a wheelchair are eligible. Individuals who are legally blind also qualify for this service.

**SAFETY**

For your own safety, seat belts must be worn at all times. Belts must be secured before the van driver can operate the van.

**APPOINTMENTS**

Please make appointments as early as possible by calling 513-759-7208. No appointment will be taken after 1:00 pm on any given day. This is to allow time to return home those picked up. Appointments are prioritized in the following order: medical, nutritional, financial, social & recreational.

Please be ready 15 minutes before scheduled pick-up time. If an appointment needs to be cancelled, please call the office as soon as possible. If the van service has to cancel an appointment because a van is out of service, or hazardous weather conditions, etc. we will notify you as soon as possible. (When Lakota Schools are closed for bad weather, so is our van service.)

**NO ANIMALS WILL BE TRANSPORTED BY THIS SERVICE**

Exceptions to this are seeing eye dog with harness or one-way transportation of a newly purchased pet.

**WHEELCHAIR NOTES**

The driver is responsible for handling all wheelchair clients. The van service has the right to refuse transport of a wheelchair if: there are too many steps, if walkways or steps are snow or ice covered, or if client is too large or in any condition the driver feels is unsafe to transport.

Please allow extra time following the appointment for the driver to return to pick you up. The driver will be as prompt as possible, but there is always the possibility of traffic congestion. Please be patient and know that every volunteer working for this van service is doing their best to accommodate you.

World Elder Abuse Awareness Day

Area(s) Served:
Nationwide

Description:
World Elder Abuse Awareness Day (WEAAD) was launched on June 15, 2006 by the International Network for the Prevention of Elder Abuse and the World Health Organization at the United Nations. The purpose of WEAAD is to provide an opportunity for communities around the world to promote a better understanding of abuse and neglect of older persons by raising awareness of the cultural, social, economic and demographic processes affecting elder abuse and neglect.

In addition, WEAAD is in support of the United Nations International Plan of Action acknowledging the significance of elder abuse as a public health and human rights issue. WEAAD serves as a call-to-action for individuals, organizations, and communities to raise awareness about elder abuse, neglect, and exploitation.

Visit the WEAAD microsite to find resources, events, and ideas to take action!

Description:

YourHealthMatters was developed by The Health Collaborative to provide health care consumers in Greater Cincinnati with a neutral and trusted resource for objective information about the quality of care available from providers in our community. The Health Collaborative encourages you to use the website, share it with others, and be an advocate for quality health care.

On the YourHealthMatters website, you can compare quality ratings and key health measurements for primary care practices and hospitals in Greater Cincinnati.

You can also participate in "Make the Right Call," a regional campaign with a goal of reducing unnecessary emergency room visits. Make the Right Call focuses on the importance of building a relationship with your primary care physician for non-emergency and routine care. If you do not have a primary care physician, Make the Right Call and YourHealthMatters gives you the tools you need to find a quality physician.
