Warren County ESP clients are caught in the middle: with income too high to qualify for Medicaid, but too low to pay for private in-home care. They need help with basic activities like personal care and transportation. Between raising a family and going to work, family members help as much as they can, but ESP fills in gaps in care so our older neighbors and loved ones can continue to live independently in their homes and communities. ESP is a program that benefits our entire community.

### Client Stats

**2020**

- **2,466** clients served
- **70%** female
- **30%** male
- **56%** live alone
- **86%** age 70+
- **1,095** days avg time on program
- **$413/mo** out-of-pocket medical expenses
- **$2,202** mean monthly income

### Success Stories

**Mason's Quatman Café partners with COA on comfort meal program**

During the pandemic, Council on Aging (COA) has partnered with many area restaurants, including minority and family-owned businesses, to provide special meals to area low-income older adults. Quatman Café, with a location in Mason, is a partner in COA’s award-winning Comfort Meal Program.

When Ohio Gov. Mike DeWine issued stay-at-home orders in March 2020, COA began hearing from older adults who were afraid to go out for groceries and other necessities. Others found themselves without their regular support network. Many who contacted COA had never before needed help.

“We learned from past emergency situations that food quickly becomes an urgent need for older adults,” said Council on Aging CEO, Suzanne Burke. “We didn’t want supply chain or staffing issues to interfere with our ability to provide meals to older adults, and we knew they might be asked to shelter-in-place for quite a while.”

**FastTrack Home supports older adults and caregivers during pandemic**

With a full-time job, three grandchildren to look after and an elderly father to care for, Shelley’s plate was full. When her father, Wayne, 82, was admitted to the hospital and diagnosed with heart issues and COPD complications, it threw her for a loop.

While he was in the hospital, the family’s situation worsened. It was discovered that Wayne was COVID-positive and, without realizing it, had passed it to Shelley. Shelley’s required quarantine period meant she would be unable to care for her father as he was being discharged home from the hospital. She worried about his meals, cleaning and personal care. “It was a very stressful and desperate time for me,” Shelley remembers.

Council on Aging’s FastTrack Home program, now available through Warren County’s Elderly Services Program, provided support to help Wayne recover safely at home.

**Provider network adapts to serve during the pandemic**

As the Area Agency on Aging for southwestern Ohio, Council on Aging (COA) contracts with nearly 300 area businesses and organizations to deliver critical in-home care services to more than 27,000 older adults and people with disabilities in COA’s service area – including nearly 3,000 in Warren County.

During the pandemic, COA and its provider network adapted programs and services to protect staff, providers and clients. While adult day care centers, senior centers and congregate meals sites were closed in accordance with state orders, other services, including home-delivered meals, transportation and homecare assistance, continued without interruption.

Demand for certain services, like housekeeping and personal care, fluctuated based on spikes and declines in COVID-19 infection rates. But other services, such as home-delivered meals, saw an increase in demand. For example, COA service providers delivered nearly 1.8 million home-delivered meals in FY 2020 – a 32 percent increase over the previous year.

### Expenses and Revenue

**How tax dollars are spent**

ESP would not exist without the generous support of voters. A county tax levy in place since 2002 provides 88 percent of ESP’s funding. The most recent tax levy was approved by 75.76 percent of voters in 2016. The 1.21-mill levy costs property owners $34.18 per $100,000 of property valuation annually. COA’s goal is to ensure the highest quality services at the lowest cost in order to serve as many people as possible with the tax dollars available.

As the Area Agency on Aging for southwestern Ohio, including Warren County, COA leverages state and federal funding to cover 10 percent of ESP expenses. Additional funding comes from voluntary client donations and client co-payments (47 percent of clients make a co-payment based on their income).

#### Revenue

- Federal and State (via Council on Aging): $703,184
- Client Donations and Co-payments: $149,910
- Warren County Elderly Services Levy: $6,290,987
- **TOTAL REVENUE**: $7,144,081

**TOTAL EXPENSES**: $7,144,081

#### Additional Expenses

Warren County Commissioners distributed $48,750 in funds from the senior services levy to the Warren County Department of Human Services’ Adult Protective Services Unit.

*When calculating the percent of clients who have a copayment, individuals who receive only home-delivered meals are excluded because Federal requirements prohibit charging a copayment for this service. The percent of clients with a copayment is higher in 2020 because more individuals received home-delivered meals as their only service due to the pandemic.*

**Services listed in order of clients served.**

**Help with benefit applications and organizing personal and household records.**

**Pest control, major housekeeping and waste removal.**

Welcome

I expect that you are as happy as I am that 2020 is behind us now. For the Elderly Services Program (ESP), the COVID-19 pandemic was one of the biggest challenges we have ever faced. The older adults that we serve are extremely vulnerable to the disease and suddenly found themselves stuck at home, many unable to access groceries and other crucial supplies.

ESP became a lifeline for many of these neighbors as we joined with partner organizations to provide food, masks, supplies and other support. For example, Warren County older adults received nearly 3,200 emergency food boxes (each containing a 14-day supply of food) during the pandemic.

The pandemic made it clear that many of our older community members need supportive services to help keep them safe and independent at home – where they prefer to live. ESP provides this – meals, transportation, homemaking assistance, electronic monitoring devices, caregiver respite and more. As our county’s population ages, the need for these services will only grow.

That’s why 2021 is an important year for ESP. The senior services levy that provides 88 percent of the funding for the program will expire at the end of the year. For almost 20 years, Warren County voters have overwhelmingly supported the levy, making it possible for ESP to provide this compassionate and cost-effective care to one of Warren County’s greatest resources: our older adults. To continue with this tradition of care, voters will be asked to support the senior services levy when they vote in November.

We have a lot to share with you – more than will fit within this paper report. I hope you will also scan the QR code or visit the website to read more about our successes during such a challenging year.

Sincerely,

Charles W. Peckham, Jr.
Chairperson, Warren County Elderly Services Program Advisory Council

What Is ESP?

The Elderly Services Program (ESP) helps eligible county residents age 60 and older to remain safe and independent in their homes by providing help with certain activities of daily living (bathing, cleaning, cooking, transportation and more), filling gaps in care that may already be provided by family caregivers.

ESP offers flexible care to meet clients’ changing needs. Eligibility and care needs are determined by an in-home assessment and a professional care manager coordinates and monitors clients’ care. Income is not an eligibility factor for ESP, but some clients have a co-payment based on their income.

The program is operated by Council on Aging (COA) via a contract with Warren County Commissioners, who appoint a board to advise on program needs and policies. Provider agencies deliver ESP services under a contract with COA. ESP is a compassionate and cost-effective alternative to nursing home care.

Warren County residents received home- and community-based services through Medicaid-funded programs

ESP Is a Community Partnership

ESP offers flexible care to meet clients’ changing needs. Eligibility and care needs are determined by an in-home assessment and a professional care manager coordinates and monitors clients’ care. Income is not an eligibility factor for ESP, but some clients have a co-payment based on their income.

The program is operated by Council on Aging (COA) via a contract with Warren County Commissioners, who appoint a board to advise on program needs and policies. Provider agencies deliver ESP services under a contract with COA. ESP is a compassionate and cost-effective alternative to nursing home care.

What Is COA’s Role?

COA’s responsibilities for ESP in Warren County include: program development; provider management; data analysis and reporting; financial services and oversight; information technology; quality improvement; and community engagement. As a state-designated Area Agency on Aging, COA provided these additional services to county residents in 2020:
