Description:

Health Care Services where and when you need it...

As a team, we shall work together and combine our expertise in achieving the best possible health of each client. We are determined to give our clients more control over the health care they receive. Consequently, we also want to reduce the costs of health care by providing more flexible schedules of care that are more convenient for the patient and their primary care provider. If a patient wishes to receive care at home rather than a nursing facility or if your loved one chooses to continue recovery at home rather than prolong hospitalization, we can make it happen.

We offer our services to all without any form of discrimination:

AMADYSS Healthcare and Training Services shall promote equality in employment practices and service provision. In practice of Title VI of the Civil Rights Act of 1964, Section 504 of the Rehabilitation Act of 1973 and Title II of the Americans with Disabilities Act of 1990, the company ensures that all eligible clients shall receive services due without unlawful discrimination against race, color, sexual orientation, age, disability, gender, religion, national origin, source of funds or veteran status.

AMADYSS Healthcare and Training Services combines technology, people and personalized care plans to give your family the kind of care that meets and exceeds your quality expectations.

Area(s) Served:

Butler County

Description:

The Fairfield Food Pantry started as a result of the Fairfield Community Connection Group's (CCG) community survey in 1996 revealing a need for a food pantry in Fairfield. CCG's founder, Howard Dirksen, formed an independent board, solicited start up donations and located the pantry at an available commercial space on Magie Avenue in Fairfield. It has been a growing and successful operation since and has expanded its services as needs arise and change.

Members of the initial board used their expertise in law, business, finance, and volunteerism to incorporate as a 501(c)3 nonprofit, set guidelines and began operation as a nonprofit business. Today's board of 13 caring community leaders meet monthly to make decisions on the pantry needs and operation. The pantry is currently blessed with two part time employees who conduct operations three days a week and volunteers who assist as needed.

The Fairfield Food Pantry is thankful to celebrate 20 years of serving our community. We appreciate the tremendous support that we have received from the community and our volunteers and look forward to continuing to serve as long as there is a need.

Source of Food and Supplies

We rely upon food donated by individuals, churches, schools, community organizations, scout, youth and community institutions. In addition we buy food from Shared Harvest Food Bank, Kroger, Sam's, Walmart and other local vendors depending upon the best price. It has been a standard in our operation to supply food along with personal care products and household supplies as we feel home and human cleanliness, like food, is important in keeping a family healthy and happy. Civic groups, like Fairfield Women, collect monthly donations of food and also personal care products.

Contracted Provider: Elderly Services Program

Area(s) Served:

Butler County,
Warren County

Description:

LifeSpan is a private non-profit social service agency dedicated to improving the quality of lives throughout the Ohio Counties of Butler and Warren. LifeSpan's programs reach those of all ages, backgrounds and income levels through

offices in Hamilton, Mason, Middletown, Oxford and West Chester. LifeSpan's programs include outpatient behavioral health counseling, credit counseling, elderly services program, guardianship and more...

[Butler County Elderly Services Program](#)

LifeSpan provides intake, screening and care management services for the Butler County Elderly Services Program, under contract with Council on Aging of Southwestern Ohio. Butler County ESP provides services such as meals on wheels, personal care and medical transportation, to eligible Butler County seniors so they can stay in their homes, instead of moving to an institution. LifeSpan is also a contracted provider of ESP Independent Living Assistance Services.

[Representative Payee](#)

Many mentally ill or disabled residents of Butler and Warren Counties rely on Social Security for their monthly income. When their illness or disability interferes with their ability to manage their money, instability or homelessness can result. LifeSpan's Representative Payee program provides bill payment service for these individuals ensuring their bills are paid on time which keeps their rent current, their utilities on and their lives stable.

[Credit Counseling Services](#)

From obtaining and understanding credit reports to the more complex issues of bankruptcy, LifeSpan counselors are prepared and trained to help. LifeSpan offers a full range of programs for participants who may need just one or several services. Services include: budget guidance, credit counseling, money management education, homeownership education and counseling, and bankruptcy pre-filing and pre-discharge counseling.

[Guardianship](#)

LifeSpan guardians include both staff members and trained volunteers. They are appointed by the Probate Court to make decisions for their wards relating to health care, living arrangements or safety issues. Wards are individuals who have no immediate family able or willing to help them or they have mental limitations that impair their ability to make competent decisions. They typically live in nursing homes, group homes and in other supported living environments. Many times the guardian may be the only person who visits outside of medical professionals or caregivers.

[Behavioral Health Services](#)

LifeSpan's Behavioral Health program supports individual and family success, and the healthy emotional adjustment of children, adolescents and adults through its treatment services. Our therapists assist clients with analyzing their issues and developing methods of overcoming their problems. LifeSpan's behavioral health services have been continuously accredited by the internationally recognized Council on Accreditation.

Description:

In addition to developmental disabilities services, Safe Haven Agency has also expanded into the home healthcare sector with skilled nurses on staff. They provide services through supported living waivers, individual options waivers, and the level one waivers.

Safe Haven Agency assures families that their loved ones are well cared for and continue to live healthy and happy lives. They monitor their caregivers through one-on-one contact with their clients, telephone check-in, and home visits. They acknowledge the fact that each client is different, and they cater specifically to the diverse needs of every client. One of Safe Haven Agency's goals is to make sure their clients feel comfortable and happy so they can live longer in the comfort of their own homes while still enjoying the services they provide. For more information about their services visit their [website here.](#)
