

Own Your Future

Helping you plan for your long-term care needs

Retirement. You set goals and start planning for it early, in the hopes that when that day finally arrives, you'll be able to live comfortably and do the things you want to do. But many people leave out an important aspect of retirement planning – planning for long-term care.

This year we have teamed up with Local12-TV to bring you Own Your Future during the Channel 12 Retirement Expo at the Sharonville Convention Center. The expo offers a unique education platform with seminars and presentations for a major showcase of everything relating to retirement planning. No reservations are needed for the event.

Date: May 6, 2022

Time: 1-6 p.m.

OYF Workshops: 2-5 p.m.

(agenda on back)

Location: Sharonville Convention Center, 11355 Chester Road, 45246

What You'll learn

Council on Aging's Own Your Future Workshop Series will help you understand and plan for your long-term care needs and costs. The workshop is designed for people of any age who want to learn more about long-term care – for themselves or an aging family member. Each attendee will receive a link to a toolkit for developing a long-term care plan of their own.

Expert speakers will cover topics including: essentials of Elder Law, strategies for paying for long-term care, care options, and long-term care choices.

70 percent of us will need long-term care during our lifetimes.

Planning ahead can help you save money, give you greater control over your assets and resources, and improve the chances you'll be able to live your life the way you want to live it. Plain and simple: planning now will bring peace of mind for you and your loved ones.

Who Should Attend

The Own Your Future Workshop series is for people of any age who are...

- thinking about retirement, or are already retired
- expecting to care for aging parents or spouse
- already caring for an older or disabled loved one
- expecting to live a long life
